Supervisors, Courts Are In Adjournment

"A man who will be very hard to replace."

That expression regarding Walter R. Castro, chairman of the Marin County Board of Supervisors, came today from Marin leaders shocked by his death of a heart attack yesterday afternoon.

Funeral services for Castro will be held at 11 a.m. Friday at the First Presbyterian Church of San Anselmo. Immediately following the church services, Masonic rites will be conducted by Marin Lodge 191, Free and Accepted Masons, at Mount Tamalpais Mausoleum, San Rafael, where entombment will be.

Members of the board of supervisors will be pall bearers.

Friends may call at the Harry M. Williams Mortuary in San Rafael until 9 p.m. tomorrow.

Marin Superior Courts were adjourned in Castro's memory today by Presiding Judge N. Charles Brusatori at request of the Marin County Bar Assn.

Judge Brusatori touched a note common to most of the tributes to Castro when he said in granting the motion for adjournment:

"Walter Castro . . . was a friend of the bar. He was a friend of the bench. He was a friend of the people . . .

"He was a friendly man to all who knew him. His telephone was ever ringing and al-

Limited Test Ban Treaty Chances Good

MOSCOW (AP)—U. S. and British negotiators met Foreign Minister Andrei A. Gromyko today in another three-hour session amid signs they were making progress toward agreement on a limited nuclear test ban treaty.

In a surprise development, a communist delegation from East Germany, headed by Goreign Minister Lotar Boltz, arrived in the Soviet capital.

The official news agency Tass said they were here to discuss "foreign policy questions of interest to both sides." It did not elaborate.

East German sources said there was "nothing dramatic" about their visit.

The East Germans would have nothing to do with the signing of a nuclear treaty among the three nuclear powers but they would have a connection with a nonaggression pact which Premier Nikita Khrushchev has called for as a condition to a test ban treaty with the West.

Gromyko met the East Germans at the airport before turning up for his session with the U. S. and British negotiators.

Secrecy still surrounded the daily meetings of U. S. Undersecretary of State W. Averill Harriman and Lord Hailsham of Britain with top Soviet officials. When sharp disagreement develops, secrecy usually breaks down.

BROWN TAKING TRIP

Successor Sought For County Post

Immediate appointment of a succesor to Walter R. Castro on the Marin County Board of Supervisors will be sought by the county's Democratic Central Committee.

Peter Allen Smith, chairman, said today the committee will meet at 8 p.m. tomorrow in the courthouse to decide on one or more candidates to recommend to Gov. Edmund G. Brown, who will make the appointment.

Smith expressed regret at the unseemly haste following Castro's unexpected death yesterday. It is necessitated, he said, by the fact Governor Brown will leave Saturday for Europe, and the committee feels the supervisorial post should be filled without waiting for his return.

BROWN TO EUROPE

Brown announced in Sacramento he plans to leave Saturday for a governors' conference in Miami, Fla., and follow it with a combined business and pleasure trip to Europe, leaving New York July 25 and returning Sept. 5. His plans may be upset if the special session of the legislature continues into a third week.

The law provides the governor will appoint a supervisor to serve until the next general election. County Counsel E. Warren McGuire said this would mean until the primary of next June, if any candidate received a majority vote in the primary. If none did, the appointee would continue to serve until the general election of November, 1964.

NON-PARTISAN

The position is non-partisan. Smith said it is possible the Democratic Central Committee may endorse a Republican, especially if committee members decide to forward more than one endorsement to Governor Brown.

A list of possible candidates was rapidly growing.

Reportedly actively seeking the appointment were Fred E. Jensen, San Rafael city councilman and retired earth-moving contractor, and Gene F. O'Connor, San Rafael planning commissioner and insurance agent.

McINNIS MENTIONED

Prominently mentioned was John F. McInnis, San Rafael mayor, who is also an insurance man. It was learned that McInnis would be receptive to appointment.

Four names were forwarded to the Democratic Central Committee by the Marin Council for Civic Affairs. These included McInnis; Byron W. Leydecker, president of Redwood National Bank; Walter Zurcher, proprietor of the San Rafael Toy Shop who has long been active in the San Rafael Chamber of Commerce and in civic affairs, and attorney James Fletcher, who is a member of the county parks and recreation commission.

Also mentioned and reportedly receptive was Dr. William F. Upton, Bayside Acres dentist who is a member and for-

Yukon Air Crash Hero Is Rapped

WASHINGTON (AP) — Last winter an amateur bush pilot and a girl from Brooklyn crashed in the sub-zero wilds of Canada and survived for 48 days on little more than snow and faith.

To an amazed world, pilot Ralph Flores became something of a hero.

His 21-year-old passenger, Helen Klaben, said Flores' courage and deep religious faith saved their lives during the bleak, starvation ordeal.

Yesterday, the Federal Aviation Agency disclosed it had revoked his license for a year for, in effect, relying too much on faith.

It said he violated more than a dozen rules in his attempted flight south from Alaska.

The 42-year-old Flores, who was working as a mechanic in Fairbanks, Alaska, was flying home to San Bruno for a vacation.

Among charges the FAA listed against the Mexican-born Flores were that he:

1. Taxied to the runway at Whitehorse, Yukon territory, without clearance from the control tower.
2. Took off after receiving information from the tower which he later admitted he hadn't understood.
3. Lacked knowledge on using navigational aids.
4. Was unable to figure fuel consumption accurately.
5. Twice climbed to 11,000 feet under instrument conditions although he didn't know how to operate the plane in instrument conditions.
6. Twice descended from 11,000 feet on instruments over unfamiliar mountainous terrain.

Brown Says Senate GOP Blackmailing

SACRAMENTO (AP)—Gov Edmund G. Brown angrily accused 12 Senate Republicans today of trying to "blackmail" majority Democrats into cutting his budget.

He said he's willing to discuss possible reductions in state spending but declared "I can't compromise on the revenue program."

The Democratic governor opening his first news conference since June 25, observed that some very strange things were going on in the Senate.

He referred to the fact that the Senate, after voting through his 147-million-dollar tax plan, defeated a bill to augment his skeleton budget by 84 million dollars.

The spending measure received a 24-12 vote but it needs 27. The 12 no votes were all cast by Republicans. The Senate has agreed, however, to reconsider the action today.

The 12 Republicans, he said, are "holding for ransom the well-being of thousands of Californians. The price they want us to pay is to capitulate to the State Chamber of Commerce."

The state chamber contends the trimmed-down budget enacted in June, at the close of the legislature's general session, is adequate.

Brown said refusal to provide additional funds would strike at programs affecting crippled children, school support, assistance for local mental health services, mentally retarded children and college scholarships.

"It's beyond my comprehension," he said.

The governor said that if the Republicans will tell him what they want cut out of the budget, he'd be willing to discuss it with them.

"I'll buy anything they have that's good," he added.

TAM FIRE CHIEF IS OFFERED HELP

Looks As If Three Firemen Might Change Minds And 'Stick It Out'

By BRUCE COLEMAN

Fire Chief Herbert Owen received a flood of offers last night from paid firemen and others volunteering to man the two Tamalpais Fire District stations following blanket resignation of the district's six firemen.

And today it looked as if three of the six who quit may decide to "stick it out," Owen said.

The firemen submitted their resignations to the Tamalpais Fire Protection District Commission Monday night after the board unanimously refused the crew's ultimatum to fire the chief or lose their help.

Charges by the firemen against their chief, which the board said were of "insufficient validity," included "failure to live up to qualifications, completely demoralizing personnel, endangering lives of men in his department at fires, degrading department officers to other men, and lack of communication between chief and men."

"I must have had 50 calls," Owen said, "mostly from local firemen and volunteers volunteering to help in any way they could."

Belvedere Fire Chief L. T. Mersereau, Owen said, told him "I'll come over and work nights and stay during the day, too, if you need me." John L. Terris, assistant chief in Sausalito, told Owen, "If you need any help, give us a buzz."

One man called from Alameda, Owen reported, saying he was a former assistant fire chief and "if you need any help, let me know."

Owen said today he believes that three of the men who signed charges against him "have agreed to stick with it." He said he did not wish to disclose their names now. "They were kind of pulled into it," the chief said.

Fireman George E. Milliken turned in his gear yesterday. The other five men are on the

40-Foot Boat Gutted By Fire At Marin Berth

A 40-foot boat, with a long history including ownership by William Randolph Hearst, was gutted by fire last night at its berth behind 101 Vendola Drive, Santa Venetia.

The boat's owner, John E. Berry, had spent more than three years and $3,000 to convert the boat, which had been used for commercial fishing, into a pleasure craft.

Part of his work consisted of fireproofing the gasoline tanks and engines. The engines were not damaged and 225 gallons of gasoline on the boat did not explode during the blaze, cause of which remained undetermined today.

Berry said: "I went to no end of expense to fireproof the boat. It would have gone up like a gas station" if the gasoline tanks were not fireproofed.

Berry had returned from a cruise on the boat at 10:20 p.m. The fire was discovered by a neighbor, Scott Deming of 77 Vendola Drive, at 11:25 p.m. when his dog started barking.

Deming aided Berry in fighting the fire until county fireman arrived. He suffered a cut knee and was taken to San Rafael General Hospital where it was stitched.

Berry said today he did not know how much of the boat, valued at between $10,000 and $12,000, was salvagable. The wheelhouse and after stateroom were destroyed and other parts of the boat were burned.

An exceptionally clean bilge and fireproof bulkheads helped contain the fire, Berry said. Part of the loss is covered by insurance.

The boat, which bears its original name, the Legonia, was built for Hearst in 1911. Hearst gave the boat to his captain, Sam McDonald, who used it to carry passengers across the bay, according to Berry.

At one time, Berry said, the boat was taken to sea by one of its owners who was lost overboard and never found. The boat was towed back by the Coast Guard.

Reserve's Discount Rate Hiked

WASHINGTON (AP) — A higher federal reserve discount rate went into effect today as the government intensified its campaign to check the flow of dollars abroad.

The Federal Reserve Board announced yesterday a boost from 3 to 3.5 per cent in the discount rate for seven of the 12 reserve banks. The others are expected to follow promptly.

Almost simultaneously, President John F. Kennedy announced that he would send a special message to Congress tomorrow outlining planned administrative measures on the balance of payments problem.

The board said preliminary information indicated that there was a substantial payments deficit in the April-June quarter.

Another source said the second quarter deficit probably was at about the same 3.3 billion dollars annual rate as in the first quarter of the year.

The board said its action was designed to ease the international payments problem.

Stock Change Suggestions Unexpected

WASHINGTON (AP) — An unexpectedly drastic overhaul of the operation and self-policing of the nation's major stock exchanges was recommended today by Securities and Exchange Commission probers.

The recommendation was in the second installment of a two-year investigation of the securities markets.

The report, calling for the out-right abolition of floor trading, was sent to Congress by SEC chairman William L. Cary, without an official endorsement of any of the dozens of specific changes proposed by the investigation team.

Cary said the report pictured "basically strong institutions subject to many specific weaknesses and abuses."

He reassured investors that: "This report should not impair public confidence in the securities markets, but should strengthen it as suggestions for rising standards are put into practice."

The report struck at ancient institutions of the "Big Board" —the New York Stock Exchange—and, to a lesser extent, of the second-ranking American Stock Exchange by recommending:

1. The elimination, in two steps over the next 18 months, of floor trading on both exchanges. This is the buying

First Land Purchased At Seashore

The first land purchase for the Point Reyes National Seashore, the 1,135-acre dairy ranch owned by Dr. and Mrs. Edward H. Heims of Berkeley, was announced yesterday by Secy. of the Interior Stuart L. Udall.

The land lies between Home Bay and Schooner Bay, which extend from Drake's Estero. The ranch is bordered on the northeast by Sir Francis Drake Boulevard, allowing for early development for public use.

Purchase price was $850,000, with the land cost averaging $695 an acre. The Heims will be allowed to continue leasing the land and house for a dairy operation for two years.

Money for the land is part of the five million dollars appropriated May 17. Appropriation of two million dollars more is now being considered by the House-Senate Conference Committee.

Meanwhile, the National Park Service is obtaining appraisals of other land in the 26,000-acre public use portion of the national seashore, and negotiations are underway for several parcels.

WIRE NEWS BRIEFS From Everywhere

Kim Novak Silent On Plans

HOLLYWOOD (AP)—Actress Kim Novak remained silent about romantic rumors as she arrived in Hollywood after a six-month movie-making stay in Ireland.

Novak

Asked if she planned to marry Roderick Mann, London columnist, she said: "That's a personal thing with me. Roddy will be coming to the United States soon." And in New York, Jill Ellen Elizabeth Kolmar, 20, daughter of Producer Richard Kolmar and Dorothy Kilgallen, newspaper columnist and television personality, took out a marriage license yesterday in New York City with Lawrence Arnold Grossman, 24, television music coordinator.

Triplets On 20th Anniversary

BUFFALO, N.Y. (AP)—Mrs. Lemuel C. Millard celebrated her 20th wedding anniversary in a hospital today after giving birth to triplets.

Mrs. Millard, 39, also has a daughter, 17. The triplets, born yesterday weighed 3 pounds, 4 ounces; 3 pounds, 9 ounces, and 3 pounds, 1 ounce.

"I had the feeling I was going to have twins," she said. Mrs. Millard said her husband, an electrician, was "downtown buying cigars, blankets, powder and all kinds of things."

Brando To Demonstrate In Maryland

HOLLYWOOD (UPI) — Marlon Brando said today he was ready to challenge a national guard ban on picketing if necessary Sunday when he goes to Maryland as a "private citizen" to join at least two Negro integration demonstrations.

Brando

Brando made clear he would make other appearances in the Deep South if integration leaders felt it would do any good, and picture commitments didn't interfere.

"I hope to accomplish a simple statement, as a private citizen," Brando said yesterday in a carefully worded announcement of plans to go to troubled Cambridge.

Negro attorney Thomas Neusom said there has been a "need for appearances by personalities" to dramatize the civil rights fight that Brando, the film star, fulfils. Neusom will accompany the actor.

Lumber Firm Strike

EUREKA (AP) — Georgia-Pacific Corp. was struck today by the first of 1,200 men and women expected to be idle at the firm's plywood plant here in the spreading Pacific Northwest lumber dispute.

The first workers walked off the job after the swing shift ended. Other shifts were not expected to report for work.

Queen's New Title

LONDON (UPI)—Queen Elizabeth is to get a new title soon —Lord High Admiral.

The title involves no work and no pay, but she will have a special flag to fly whenever she is at sea.

The title belonged to the royal family for nearly 1,000 years, from the year 871, when it was first given to King Alfred the Great, until 1828, when the "Sailor Bill" king, William IV, gave it to the Admiralty.

Under a defense shakeup, the Admiralty will be merged into the defense ministry and will lose both its separate identity and the office of Lord High Admiral.

Strike In Paris

PARIS (AP) — Public utility and transport workers struck briefly to protest a government bill to force workers in public service industries to give notive of strikes.

The bill would require five-day notice of a strike. The government introduced the measure after an unannounced subway strike last month forced thousands to walk to work in a rainstorm.

Buddhists Clubbed

SAIGON, South Viet Nam (UPI)—Club-swinging riot police today broke up a Buddhist sit-down and prayer demonstration, beating men, women and children, and jailing more than 200 persons.

More than 100 policemen waded into a crowd of demonstrators, clubbing them on the heads and bodies and throwing them into waiting trucks.

Hungary Arrests

BUDAPEST, Hungary (AP) — Communist Hungarian authorities today announced the arrest of a West German woman and two Hungarian citizens on charges of espionage.

The announcement said the trio worked for the West German intelligence agency. They were identified as Mrs. Konrad Kraemer, Janos Holczmeister and the latter's son, Janos Jr.

The announcement gave no further details.

Supervisor Pay Hike

SACRAMENTO (AP) — Gov. Edmund G. Brown has signed a bill boosting the pay of Napa County Supervisors from $5,000 to $6,200 a year.

Poultry Problems

BRUSSELS (UPI) — Christian Herter, President John F. Kennedy's top trade negotiator, pressed today for the European Common Market to lower the high tariffs that have sharply reduced U.S. poultry exports.

He was meeting with common market farm expert Sicco L. Mansholt of the Netherlands for lunch and agricultural talks.

A Common Market expert quipped: "Chicken is on the menu."

County School Tax

SACRAMENTO (AP) — Prospects dimmed today for special session passage of a county-wide property tax advocated by Gov. Edmund G. Brown to help pay California's growing school costs.

That became apparent with Senate education committee approval yesterday of a bill by Sen. Joseph A. Rattigan (D-Santa Rosa) to pour another 100 million dollars into state support for public schools over the next two years.

The committee tabled a bill by Sen. Donald L. Grunsky (R-Watsonville) to provide the same increase but also impose the county-wide tax and base state aid on teachers' salaries and classroom size.

Goldwater: 'I Will File For Senate'

Arizonan May Also Run For Presidency

WASHINGTON (AP) — Come what may, Sen. Barry M. Goldwater intends to file for re-election to the Senate from Arizona next year.

If political events should take matters out of his hands and deliver him the 1964 Republican presidential nomination, the Arizonan indicated today in an interview, it would be time enough then to decide whether to seek two offices in the November election.

A filing that would place his name on the senatorial primary ballot would have to be made by Goldwater by July 10, three days before the GOP presidential nominating convention opens in San Francisco.

If he follows his present inclination, the Arizona senator said he will have the papers ready on June 10, the first day on which they could be filed officially.

Goldwater obviously expects Arizona's attorney general, Robert Pickrell, to rule soon that the senator's name may go on next year's ballot both as a candidate for president and for re-election to the Senate.

Reports from Phoenix indicate that Pickrell will find the state laws silent on the matter. He will also find there is no federl law prohibiting such a double candidacy.

Earlier in the year when his presidential nomination prospects didn't look as good as they do now, Goldwater endorsed a bill by state legislator Jim Young to limit any candidate to running for a single office.

The bill went nowhere and the feeling in the Goldwater camp seems now to be that it's just as well that it didn't.

Rail Dispute Panel Works On Report

WASHINGTON (AP) — Amid new signals indicating that only Congress will be able to avert a nationwide rail strike, a special presidential panel today grinds out the preliminary draft of its report on the railroad-union showdown over jobs.

The draft will be shown to carriers and union representatives for any additional comments or criticisms before it is put in final form and sent to the White House Friday.

The report, a collection of facts and issues in the four-year dispute, will serve as the basis for the legislation President John F. Kennedy will recommend to Congress on Monday to block the threatened strike.

Yesterday, the chief executives of the members of the Assn. of American Railroads issued a statement asserting that the unions' position in the jobs dispute leaves legislation as the only means of heading off a "calamitous nationwide rail strike."

The statement asserted that management has made "every effort to get the unions' leaders to engage in realistic negotiations" but they "refused to come to grips with make-work practices across the bargaining table."

"We cannot believe government officials, legislators or the public will penalize management in whatever action they take to dispose of this dispute," the statement said.

Scenic Highway Bill Is Signed

SACRAMENTO (AP)—Gov. Edmund G. Brown today signed a bill laying the groundwork for a state scenic highway system.

The measure by Sen. Fred S. Farr (D-Carmel) designates 5,000 miles of road as potentially scenic highways.

It creates an advisory committee, consisting of seven city and county officials appointed by the governor, to develop a master plan for scenic highways and to advise the Public Works Department on setting standards for such roads.

The Department's standards must cover safety, utility, economy and beauty of construction, including control of outdoor advertising.

If the department, with the cooperation of local governmental agencies, establishes a road as a scenic highway it will post it with suitable signs.

The legislature rejected Brown's bill which would have prohibited most billboards within 800 feet of any state highway.

Brown also signed these other bills:

Wrestling — Requires matches where the result has been arranged in advance to be labeled "exhibitions" rather than "contests," SB 859, Gibson (D-Vallejo).

Liquor—Makes it illegal to sell liquor by telephone order unless the purchaser is able to prove to the delivery man that he is over 21 years of age, AB 2972, Veneman (R-Modesto).

Elections—Extends the time for returning absentee ballots in school bond elections from the sixth day before election to 5 p.m. election eve, AB 2722, Johnson (D-Del Monte).

Patrol—Outlaws direct payments to Highway Patrolmen or local policemen summoned as witnesses in civil suits, SB 1257, Grunsky (R-Watsonville).

Elections—Requires free copies of indexes of voter registration be provided to state and county central committees for partisan special elections, as well as primary and general elections; AB 288, Bane (D-North Hollywood).

Judges—Removes name of uncontested incumbent for municipal court judge from ballot in Los Angeles County unless notice given of write-in campaign; AB 289, Bane.

Property—Authorizes director of finance to dispose of state real properties, including Highway Patrol radio site in Redding, portion of Camarillo State Hospital farm grounds, certain property in Long Beach, portion of Division of Forestry district headquarters in Santa Rosa and portion of Patton State Hospital; AB 630, Petris (D-Oakland).

Fund—Provides money may be transferred from another fund whenever Disability Fund is in danger of becoming exhausted; AB 640, Willson (D-Huntington Park).

ETV—Authorizes county boards of supervisors to expend county funds for support of non-profit educational television generally, but not for any particular program; SB 396, Rodda (D-Sacramento).

Benefits—Provides special death benefits for officers and employees of state prisons and reformatories if death results from misconduct by inmate or parolee; SB 516, Farr (D-Carmel).

Teachers—Increases from $1,500 to $1,800 amount a retired teacher may earn in a year without affecting retirement benefits, and permits work as a consultant without forfeiture; AB 2201, Knox.

Moscow-Peking Split Felt In Europe Parties

LONDON (UPI)—The Sino-Soviet split has brought parallel cracks in the ranks of Western Europe's Communist parties, once solidly united on policy.

Most Communist leaders remained loyal to Premier Nikita Khrushchev's peaceful coexistence line, and in fact have been practicing it as the only means of gaining ground among prosperous European workers.

But since the increasingly bitter exchanges of attacks between Moscow and Peking has brought their antagonism out into the open, tiny anti-Khrushchev factions have begun to appear among European Communists.

In some nations, these splits are barely noticeable to those outside the party. In no case do they appear deep, a survey shows.

But in Italy, where pro-Peking Communists have painted "Viva Mao" and "Viva Stalin" on walls in industrial Milan, the leadership of the largest Communist Party in Western Europe has had to take public notice of the problem.

Informed sources said the small but belligerent anti-Khrushchev group in the Italian party may have as many as 30,000 members. They said the Peking faction may be planning a congress of its own in the fall.

The split was expected to embarrass Communist leader Palmiro Togliatti but not hurt him seriously. Party leaders already have taken action to discipline the factionalists, but have made little impression.

No Lottery Vote

SACRAMENTO —The California Legislature has refused for the second time this year to put a statewide lottery up to a vote of the people in 1964.

The sponsor, Assemblyman Alan G. Pattee (R-Salinas) said he would go to work immediately to collect 488,259 signatures required to put it on the ballot by initiative.

The Assembly revenue and taxation committee sent Pattee's proposal to between-sessions study. It met the same fate at the regular session which ended June 21. The legislature is now in special session.

$32 Million In U.S. Grain Is Missing

WASHINGTON (AP) — Senate Republicans are pressing for a congressional investigation into reports that 24 million bushels of U.S. grain vanished somewhere on the way to Austria.

The 32 million dollars of corn, barley and sorghum "could have gone behind the Iron Curtain" in violation of U.S. barter agreements, said Sen. John J. Williams (R-Del.) yesterday in demanding a Senate investigation.

Or, he said, the grain "may have been diverted and sold in Western Germany for dollars," which would also be a violation.

Barter deals are restricted to non-Communist countries that would not otherwise pay dollars for U.S. farm products.

Lester P. Condon, Agriculture Department inspector general, said evidence uncovered so far does not indicate the grain went behind the Iron Curtain but that some of it might have wound up in West Germany where it could hurt cash markets for U.S. grain.

Condon said the United States suffered no loss on the shipments intended for Austria because it received the agreed upon minerals in the barter exchange.

Williams said seven importers have been arrested in Austria and that he does not see how the grain could have disappeared without some collusion with someone in this country, although no Americans have been implicated.

Williams said the Justice Department should join the investigation.

"This is really big stuff," said Senate Republican Leader Everett M. Dirksen of Illinois in backing Williams' request to create a special Senate committee and give it $100,000 to look into the case.

Dirksen said the grain was loaded on ships in this country but apparently never got to Austria.

13 Cents Knocked Off Predicted Tax Rate

Thirteen cents was knocked off the predicted Marin county property tax rate today as county auditor Michael Mitchell closed fiscal records for 1962-63 and found unexpected surpluses.

The last predicted tax rate, after receipt of the assessment roll, was $2.52 per $100 assessed valuation. Mitchell's estimate after today's compilations was $2.39.

Mitchell reported savings in "almost every department" and unexpected revenue windfalls.

Although most department heads reported unspent funds at the close of the year, Mitchell said 94 per cent of last year's $14,500,000 budget was used up.

Extra income was chiefly in three categories. Nearly $100,000 was collected by the auditor's new revenue service from debts owed the county, including delinquent property taxes and welfare payments. Tax collector Stanley J. Fontez has conducted an "excellent investment program," Mitchell said, which resulted in $89,000 unexpected funds from interest.

Finally, some $53,000 was received from state motor vehicle taxes, a large ramount than "either we or the state controller had expected," said Mitchell.

Altogether, the county ended the fiscal year with about $400,000 more than predicted when preliminary budget estimates were made in February.

Despite a cut in the expected total tax rate, Mitchell increased the county road fund share of the rate from 18 cents to 21 cents. Unlike other departments, public works dipped heavily into reserve funds and came out with a surplus of only $38,567 compared to $256,697 the previous year. No road tax was included in the $2.07 tax rate for 1962-63.

CASTRO

Continued from page 1

ways there was a courteous voice on the other end. No hour of the day or night was too late for one of his constituents to call upon him and that constituent was given friendly attention."

Mrs. Mary Summers, who was county planning director from 1941 to 1962, said of the man who was one of her bosses:

"He was always thinking of Marin County as a whole and yet paid the greatest attention to the smallest problems. Night and day, the county occupied his attention, and because of this, he was really a great administrator. In his kind way, he led people. He was an advocate of progressive planning in the county, and we have lost a real leader and a very kind man."

Betty L. Presley, county welfare director since 1951, said: "Mr. Castro's interest in the public welfare program of the county was best illustrated by his concern for individuals in trouble and the numerous times over the years when he worked with us toward the alleviation of their troubles . . . The people have lost a friend."

Another facet of Castro's wide interests was noted by County Librarian Virginia Keating, who had sent Castro weekly letters telling about activities in the new Civic Center library during his illness. "He was a great friend of the library," she said. "His unselfish interest in Marin County will be hard to replace."

"He was devoted, conscientious, and sincere. You can't find a more honest man in the county," said County Clerk George Gnoss. "He was always willing to sit down and listen to anyone, no matter how trivial the subject and no matter how busy he was."

"Without doubt, he was one of the finest gentlemen anyone could have the pleasure of meeting," said Sheriff Louis P. Mountanos.

San Rafael Mayor John F. McInnis, who had served with Castro since 1955 on the board of the San Rafael Sanitation District, said: "I am sure that we all will pause a moment at this time to reflect on the real contribution Mr. Castro made to Marin County, and regret the passing of a very fine man. All of us in San Rafael extend our sympathy to his fine family."

There were similar tributes from all sides, from public officials and many other friends.

Among those most deeply touched by Castro's death was William D. Fusselman, acting chairman of the board of supervisors during Castro's illness. Though they had often been on opposite sides in debate during long service together on the board, Fusselman retained keen respect and affection for Castro. Just before word of his fellow supervisor's death, he had been planning how curbs at the Civic Center could be cut to permit Castro to be taken into the building in a wheel chair because of the amputation of both his legs.

Castro's entire life was wrapped up in Marin County. He was born in Point Reyes Station 68 years ago last month. When he was a baby, the family moved to San Rafael and he lived either in or near the city throughout the remainder of his life.

He watched Marin grow from a sparsely settled, rural county to a busy county of more than 150,000 people. But he did not merely watch the transformation, he helped.

He attended San Rafael elementary schools and took high school courses at night. He started work as a blacksmith, and in 1922, as one of the county's pioneer auto mechanics, opened a garage and auto sales business on Fourth Street which still remains, managed by his son Walter Jr., across the street from its original location. He retired from management of the garage in 1955.

He became a San Rafael volunteer fireman in 1911, was the last volunteer chief of the fire department, and served on the fire commission until he moved outside the city limits five years ago.

He served on the San Rafael Sanitation District board since 1951, and was its president since 1955.

He was first appointed to the county board of supervisors in 1950 by Gov. Earl Warren to fill out the term of William Barr, who died in office. He was again appointed by Gov. Goodwin J. Knight in 1953 after the death of George Whitely. He stood for election and won easily in 1954, 1958 and 1962.

He was a friend of sports—particularly for youth. The first Little League baseball field in Santa Venetia was named for him. Despite a heart attack suffered last February, Castro rode in the parade for the opening of Little League this year.

He was a friend of law enforcement. When Marin law officers opened a pistol range in San Rafael, Castro was a prime mover in inducing the Marin County Housing Authority to donate one of its wartime buildings for use at the range. The lawmen named the building Castro Hall.

His memberships includes: Marin Lodge 191, Free and Accepted Masons; Marin Chapter 102, Royal Arch Masons; Marin Commandery 73, Knights Templar; San Francisco Scottish Rite Bodies; Marin County Shrine Club (of which he was a past president); Islam Temple of the Shrine; Marin Pyramid 31 of Sciots; Hi-Twelve Club of Marin County; San Rafael Lodge 1108, B.P.O. Elks; San Rafael Rotary Club (a past president); San Rafael Council 13, S.E.S.; Mount Tamalpais Parlor 64, Native Sons of the Golden West; County Supervisors Assn. of California; San Rafael Volunteer Fire Department; Pacific Coast Assn. of Fire Chiefs; International Assn. of Fire Chiefs, and Marin Rod and Gun Club.

He is survived by his wife, Frances (Fannie); his son, Walter Jr.; a sister, Mrs. Clorinda Shell of Jamestown, and three grandchildren.

mer chairman of the county planning commission.

It was learned that Irving Chapman, proprietor of Chapman's Shoes, and Fred F. Enemark, executive vice president of Marin County Savings and Loan Assn., have been approached by groups interested in recommending an appointee. Chapman is a former San Rafael Chamber of Commerce president and was chairman of the 1962 county grand jury. Enemark is incumbent chamber president, former president of the Marin Development Assn., and has been on many civic committees.

Of those mentioned, only Jensen and Fletcher have been actively identified with Democratic politics.

Beauty Parlor Is Permitted In Reversal

Marin County supervisors today unanimously reversed a Monday action of the county planning commission and allowed Mrs. Hazel F. McKenna to continue operation of her Tamalpais Valley beauty parlor.

"The whole neighborhood wrapped its arms around this lady and her business," Supervisor Peter Behr of Mill Valley summed up.

He said he had "received innumerable letters from the community in favor of the adjustment and I feel that neighborhood opinion is important."

Pointing out that proponents included Tamalpais Valley Improvement Club, Behr moved reversal of the planning commission denial.

"I want to second, because the same thing happened in my district," said Supervisor William A. Gnoss of Novato. "We all felt most good to let the operation continue."

For the past eight years Mrs. McKenna has operated the business in her home at 334 Shoreline Highway but belatedly found the business, comprising her whole livelihood and employing no one but herself, lacked legal sanction.

Though planning commissioners showed sympathy and were told that no detriment to the neighborhood nor traffic problem was being created, Commissioner H. C. Hankins could get no second to his motion that she be granted the adjustment which the supervisors' action today allowed.

The supervisors today also reversed a planning denial of a variance to allow Boyd N. Thompson to build a single family home on his property at 1830 Vistazo West Street, Tiburon. The 12,812-square-foot property now has a duplex on it.

Baseball Integration Goes Well

COMBINED UPI & AP

WASHINGTON — Baseball Commissioner Ford Frick told Congress today that the major leagues are now almost totally integrated both on the playing field and in the stands. And he said this was done without any of the "tragedies" that had been predicted.

Frick said baseball "paid a price" for integration with the loss of several minor league clubs in the South. But overall, it has worked out to the satisfaction of almost everyone concerned, he said.

Frick testified before the Senate commerce committee on the Kennedy administration's proposal to ban discrimination in private accommodations open to the public. Some members of the committee said the results achieved in baseball could be achieved without violence in virtually every other area of American society.

Meanwhile, the Pentagon, faced with protests it was encouraging military personnel to take part in demonstrations, issued new orders last night restricting such activities.

In a memorandum to all the armed services, Secretary of Defense Robert S. McNamara declared:

"It is highly inappropriate and unnecessary for military personnel, with their special obligations of citizenship, to participate in such activities.

"I urge every man and woman in uniform to conduct himself accordingly."

McNamara did not specifically forbid members of the armed forces from demonstration in civilian clothes while off duty. But he did say none may demonstrate when the activities constitute a breach of law and order, or when violence is reasonably likely to result.

In New Orleans, the Fifth U.S. Circuit Court—which has been largely responsible for implementing the Supreme Court's 1954 school integration decision—has now been asked to order public school desegregation below the college level in Mississippi.

At Birmingham, Ala., about 200 hand - picked citizens braved the curses and jeers of Ku Klux Klansmen and other militant segregationists last night to attend the first meeting of a blue-ribbon, bi-racial committee to work for racial peace here.

Housewife Leaps To Her Death

A 47-year-old Novato housewife leaped to her death from the Golden Gate Bridge yesterday afternoon after a momentary pause.

Mrs. Margaret Duane White of 49 Lambert Way was the 246th known suicide off the span and the fifth this month.

Her body was recovered by the Coast Guard 30 minutes after she jumped at 2:03 p.m. She was the wife of Cmdr. Horace R. White Sr., (USN Ret.), an employment security officer for the State Department of Employment at its San Rafael office.

The California Highway Patrol reported that Mrs. White parked her car at Vista Point, walked onto the bridge 200 feet south of the north tower, climbed over the railing, paused and then leaped.

She left her purse on the east sidewalk, but no note was found.

California Highway Patrolman I. D. Jump, driving southbound, and Ernest Kraemer, 19, of San Francisco, witnessed the leap.

OWEN

Continued from page 1

job, having agreed in their resignation to remain until Aug. 15.

Three persons have applied to fill upcoming vacancies, Owen said, but he cannot hire any new men until he has reviewed applications. Eight civil defense volunteers announced Monday night that they would man both stations. Owen has not so far had to make use of them.

Owen disclosed he hired a new fireman July 9 who has not been involved in the dispute. He is Richard Oswald of Tamalpais Valley. Oswald, who makes $420 per month and is assigned to Station 2, Homestead Valley, was hired to replace Fred Foss Jr. who had been hired on a temporary basis to take Milliken's place since Milliken had broken his arm. Milliken was kept on the payroll. With Milliken gone, the department has its full six men.

Owen said firemen have been called upon to repair the firehouse roof and remodel a garage as a workshop, but said "this is standard practice in small departments. Fireman Leland R. Storrs, spokesman for the six men, said yesterday that firemen had to do "heavy labor."

"They were all aware of it when they applied for the job," said Owen.

Asked if the men had complained about doing work for the Tamalpais Sanitary District which comes under the fire department, Owen said no. The only grumbles came from two men, he said, who didn't like to check the machinery on their way to work at 8 a.m. This duty is rotated, Owen said.

Work for the sanitary district consists of repairing and inspecting lines, repairing machinery breakdowns, issuing permits, and figuring connection fee charges. The fire district expects to be relieved of sanitary district jobs by the end of October, Owen said. And has advertised for a man to take over these responsibilities. "It will take about four to five months to train the man," he added.

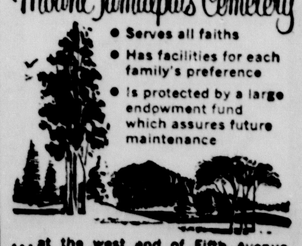

"The men had grievances everyone was aware of," Owen remarked, "but they were blown out of proportion."

Still In Hospital

Perry Currier of 107 Ross Street, San Rafael, 47-year-old truck driver who was trapped under his truck bed near Stinson Beach Monday, was reported in fair condition at Marin General Hospital today. Currier suffered back injuries in the mishap.

STOCKS TODAY

NEW YORK (AP) — The stock market closed lower today in fairly active trading after weathering the SEC report and the raise in the discount rate by the Federal Reserve Board.

The two events—well-anticipated in Wall Street—were taken without undue excitement, although there was a wave of selling on first news of the voluminous SEC report on the securities industry.

Handicapped School Closed By Infection

Marindale School will remain closed for the remainder of this week because of an outbreak of virus infection.

Daryl Hopkins, director of special education in the county schools office, said decision to close the school for the handicapped was reached yesterday on advice of Dr. Carolyn B. Albrecht, county health officer, and Dr. Walter O. Ball, pediatrician for the county health department.

There was heavy absenteeism at the school in Terra Linda on Monday, Hopkins said. Yesterday, 18 of the 40 pupils were absent.

The infection has principally appeared in the children's throats, he said, and in some cases has produced fever.

The school will be aired and sunned completely and "cleaned up stem to stern" before reopening next Monday, Hopkins said. The closing will also give children who already acquired the infection time to recuperate without missing classes.

County May Get New Policy On Extended Leave, No Pay

New policy on extended leave without pay for Marin County employees may result from discussion among county supervisors yesterday.

The board granted one year's leave, as requested, for Mrs. Florence Smith, intermediate typist clerk in the health department. Reason for the request was illness of Mrs. Smith's mother.

Asst. Personnel Director Robert W. Elliott reported this situation was not paralleled by practice in private employment. He said the personnel commission felt resignation with guaranteed right of future employment would be a preferable way to handle such a matter.

Board members, however, noted that in comparable cases leave has been granted in the past. One county employee is now touring Europe on such a basis.

"We don't want an example of Mrs. Smith," said Supervisor Peter Behr in moving that in this case leave be granted, "but we might well formulate a new policy."

Elliott was instructed to confer with the personnel commission for a general recommendation on policy concerning extended leave without pay.

The Marin County Board of Supervisors also:

1. Recommended that Treasurer Tax-Collector Stanley J. Fontez confer with county counsel on means to let Novato's Mayor M. E. Silva arrange for county handling of collections and coupon payments on city bonds, receiving for this a $20 service fee for each bond.

2. Confirmed appointment of Joseph Wright of 2478 Vineyard Road, Novato, as member of the Novato Fire Protection District board replacing Keith Craig, resigned.

3. Appointed Norma Mihan intermediate typist clerk for the assessor at $375 monthly; Elizabeth Gunn deputy municipal court clerk at $345; Davina Kosh intermediate steno clerk half-time for civil defense, at $180; Wallace B. Chipman administrative assistant in Health Department at $694; Arthur Silverman welfare social worker at $531; Lorraine Connell library aide, part-time, at $66; Dionne Battaglia library aide at $321; and Theresa Barkhurst senior stenographer for parks and recreation at $426.

4. Authorized one-year renewal of insurance additional to state compensation for 25 sheriff's reserves, total cost $500.

5. Allowed County Fire Chief Louis J. Bloom to remove a small fire truck from the Lucas Valley county premises to Woodacre county headquarters. Bloom mentioned that "to my knowledge this unit never responded to a fire call."

6. Authorized Arthur Katz to engage in private social work practice on recommendation of his superior, Probation Officer Walter H. Busher.

College Trustees To Draw For Short Term Tomorrow

Somebody's going to get stuck at College of Marin tomorrow night.

At the Marin Junior College District board meeting at 8 p.m. in room 61, Art Building, four of the five trustees will take part in a drawing to see which one will serve only a two-year term instead of the usual four years.

An election law change two years ago resulted in a mixup of trustees' expiration dates, causing four terms to expire this year.

Those who will take part in the drawing, by reaching for cards marked "4" and "2", are Robert E. Oliver, Robert E. Rogers and Elizabeth M. Deedy, all re-elected last April 16, and Joseph D. Gargiulo of Novato, elected to the vacancy left by trustee George G. Washburn, who did not run again.

The board will choose a president for the year. Mrs. Deedy has served as president the past year.

Scheduled salary hikes for dean of instruction Paul M. Clymer, dean of students Irwin P. Diamond, dean of adult education Ellsworth R. Briggs and dean Paul Jacobs of technical and vocational education will be considered.

Proposed pay hikes for evening school teachers will be discussed.

Clymer will present a procedure for evaluating probationary teachers under an education code change making their discharge more difficult.

Mrs. S. I. Hayakawa of Mill Valley will appear before the board to request use of a classroom for a cooperative group.

Diamond will state the case for charging parking and health fees of students. The fiscal 1964 budget will be discussed.

Charge Denied In Nude Case

Fred Kay Hassfeld, 56, a San Rafael pool service operator accused of indecent exposure, denied the charge yesterday and demanded a jury trial.

Judge Joseph G. Wilson of Marin Municipal Court set the jury trial for Sept. 17.

Deputy Sheriff A. V. Menjou said he spotted Hassfeld in the nude on a road off North San Pedro Road on July 10.

Teen-Ager Camp Plan To Be Aired

A proposal for a camp in Marin County for teen-agers, including some delinquents and some with emotional problems, but based on a theme of "emphasizing the strengths in a democratic culture," will be discussed in a meeting Sunday at the Civic Center.

The camp is the idea of Dr. G. Warren Kleinmaier of San Francisco. He envisions the campers, some of whom would be permanent residents under a foster home arrangement, spending much time in civil defense training and demonstration jobs, along with conservation work.

Dr. Cecil Coggins, chief of the medical and health division of the California Disaster Office, will speak at the meeting, set for 10 a.m. in the supervisors' chambers.

Dr. Kleinmaier said delinquent and non-delinquent teenagers would stay at the camp together, with a permanent professional staff providing training and preventive therapy.

Projects the youths would carry out would include work in the community, demonstrations for civil defense, such as setting up an emergency 200 bed hospital, rescue training missions and firefighting.

Dr. Kleinmaier said he felt funds for the pilot project might come from several sources, including federal civil defense money, state matching funds, foundation grants or even by formation of a private organization.

McCarthy Blasted On Fair Housing

A resolution "strongly censuring" State Sen. John F. McCarthy (R-San Rafael) and "strongly commending" Assemblyman William T. Bagley (R-San Rafael) for their votes on the Rumford fair housing bill was passed last night by the Marin Congress of Racial Equality.

The group also voted to support Rev. Fred Small of Marin City as candidate for Sausalito postmaster.

We "strongly censure Senator McCarthy for his vote against AB 1240, especially reminding the senator that he had promised his support publicly and then not only voted against the Rumford bill but subsequently against funds for the bill's implementation," said the resolution.

It was suggested to the group and written by Mrs. Joseph Guthrie of Ross, member of the council and of the Democratic Central Committee.

The fair housing bill was passed in the last minutes of the regular legislative session after a prolonged sit-in in the Capitol rotunda by council members. McCarthy said he considered the bill not strong enough.

"Resolved that the Marin County CORE unit strongly commend Assemblyman William Bagley for his support for the Rumford Fair Housing Bill," stated the resolution, approved by some 20 members with one dissenting vote.

Wyman Hicks told the council that Small, employed by the Sausalito and Marin City postoffices for six years, must appear with other candidates before a Democratic Central Committee which will recommend one candidate.

"The Democrats talk about job opportunities for Negroes, but they've never appointed a Negro postmaster in Marin. Now they have a qualified man," declared Dr. John Harris of Larkspur.

SAUSALITO LETS GARBAGE CONTRACT

New Agreement Gives Company 25-Year Guarantee Of Dump Site

The City of Sausalito last night gave Livermore Disposal Co. a long-term contract to pick up garbage, and in return received assurance of a 25-year guarantee of a dump site and two free pickups per year instead of one.

The agreement is contrary to present city ordinance, which is to be amended.

Lou Figone, president of Livermore Disposal Co., and attorney Robert J. Cooney of El Cerrito spoke for the company, which has been picking up garbage for the city for the past two years.

On motion of Councilman Michael Harris, the city council gave the company a 10-year contract, with option for 10 more years.

Councilman Carl W. Gabrielson cast the lone "no" vote. "Frankly, I don't think we need to go any longer than five years with a five-year option," said Gabrielson.

After the new long-term contract was approved, Gabrielson quipped: "Mr. Cooney, I hope you'll still pick up my garbage."

"Yes, of course," replied Cooney, as everybody laughed.

The company representatives also agreed to raise the public liability insurance coverage, make sure that drivers are always in the truck on steep hills, and increase the present bond of $1,000.

City ordinance calls for a maximum of five years contract with a five-year option. However, the actual agreement drawn up two years ago gave the company a 10-year contract. This discrepancy is what brought the matter to the council's attention.

Cooney said the company can offer additional benefits with the longer contract. One would be two free pickups per year. "It is also our intention to make additional capital improvements. We hope to have a regular office in Sausalito and additional storage space," Cooney announced.

Magazines Barred From Newsstands

SAN FRANCISCO (AP)—Such magazines as the conservative National Review and the liberal Nation, Reporter and New Republic are not sold at newsstands in federal buildings in California, Nevada and Hawaii.

The decision was made in the regional office here of the General Services Administration.

The GSA three weeks ago released a list of 199 acceptable publications to wholesale magazine distributors.

Original purpose of the list, a GSA spokesman said, was to forbid sale of nude girlie magazines in federal buildings.

"It was not intended to exclude political opinion magazines," the GSA said today.

Harold K. Cottrill, regional director of the GSA Public Buildings Service, said, "We would be glad to carry these magazines if somebody asks for them.

"We are trying to formulate a policy. We have asked our Washington office for guidance and, until we have it, I am not in a position to make a statement."

Assessment District Resolutions Passed

Sausalito City Council last night passed several resolutions to pave the way for an assessment district to improve 300 feet of Bridgeway from Third to Fourth Street.

Property owners in that block will pay for the project, estimated to cost less than $10,000. The improvements will include retaining walls, curbs and gutters, and drainage facilities.

Edwin N. Ness of Belvedere, attorney for the assessment district, said he plans to present plans and specificiations for the work at the next council meeting on Aug. 6.

The Sausalito City Council also:

1. Asked City Engineer John L. Hunter to review old surveys to see where the city street line is located at 815 Bridgeway, site of the former Ernie's Restaurant. Property owners, engaged in a quiet title action involving the city, can settle the matter out of court if the city will agree that the present line of improvements is the Bridgeway street line, City Atty. Leland H. Jordan reported.

2. Gave Vera Fearon a variance so that she can convert a one-family home to duplex at 215 Third Street.

3. Granted Irma Cunha and Norman Michaels of 98 San Carlos Avenue an encroachment permit so that they can cover a cyclone fence with Japanese type fencing of stained wood and asbestos.

4. Approved a six-foot wood fence to replace a picket fence for Nicolas Sidjakov of 114 San Carlos Avenue.

5. Asked the city manager to write Rob Rose demanding he remove his real estate office building from city property at the end of Currey Avenue. Councilman Michael Harris said Rose promised to move the building nine months ago but has failed to do so.

6. Authorized a grade crossing on Harbor drive to provide access from Bridgeway to the shopping center.

7. Postponed action on a police request to ban drinking after dark on public parks and beaches. "We're not trying to prevent drinking beer but to prevent drunkenness, aren't we?" asked Mayor Paul Micou. The councilmen referred the matter back to Police Chief Howard Goerndt. The police chief wants an ordinance to ban pets, littering, drinking and ball playing on parks and beaches after dark.

Ross School Tax Rate May Drop

The Ross School District tax rate is expected to remain at $2.37 rather than drop a cent, Supt. William Monahan reported today.

There will be a special meeting of school trustees at 8 a.m. tomorrow for final approval of the publication budget, he said.

Trustees previously approved a budget of $280,915 and expected a tax decrease.

Monahan said the special meeting was called to notify the board of the change in the tax rate estimate.

He said a special session is required because the publication budget must be submitted to the county by Friday.

Collision Results In Bruises For Three Persons

Two persons were bruised about 11:45 a.m. yesterday in a three-car chain-reaction collision on Highway 101 a short distance south of the Hamilton Air Force Base main gate.

A northbound car driven by Charleen A. Barneyback, 37, of Pleasanton hit the rear of one driven by Mrs. Iris Edith Salisbury, 46, of 20 Brookmart Circle, San Anselmo, which in turn hit one driven by Robert G. Reed, 42, of Castro Valley.

The middle driver's husband, Scott A. Salisbury, 57, and Reed, who complained of left shoulder pains, were to see their doctors, said California Highway Patrolman T. W. Foley.

Reno Landmark Will Open Again

RENO (AP) — The lights are expected to go back on at the Riverside Hotel, a downtown Reno landmark, July 25.

The hotel has been boarded up and dark since December when it went into bankruptcy.

The Nevada Gaming Commission issued an unrestricted gambling license yesterday to a California and Nevada syndicate that is leasing the hotel, casino and bars from the Hughes Porter Corp.

Hughes Porter acquired the hotel from Raymor Inc., which owned the real property. Renovation began late this spring.

Berkeley Wants Underground Transit

BERKELEY (AP) — The Bay Area Rapid Transit District is studying a city council request that more of the proposed transit route through Berkeley be put underground.

B. R. Stokes, assistant general manager of the district, said "We can make the change if it is beneficial and doesn't throw the financing out of kilter." He promised to have figures within five months on feasibility of putting 22 to 37 blocks under Berkeley instead of the 12 planned.

All Marin County Mourns The Loss Of Walter Castro

It isn't easy to accept the idea that Walter Castro is no longer among us.

We don't believe he ever for a moment allowed himself to think he might not return to action on the Board of Supervisors.

Those of us who visited him on the eve of each of his amputative surgeries found his thoughts and his will directed toward getting back on the job at the Civic Center.

This force of will in the face of adversity rubbed off on us. His death hasn't shocked us because we haven't yet assimilated the fact that he is gone.

We cannot reconcile the complete inactivity of death with the lively Walter Castro we knew.

Walter Castro, among many other things, was a living link with the past, with other eras. He started as a blacksmith, shoeing horses. He made the transition to auto mechanic and wound up as a success in the automobile service and sales business. His grandfather had been a frontier sheriff in San Luis Obispo in California's earliest days under the American flag.

For four or five decades his name was almost synonymous with the San Rafael Fire Department. He served as chairman of the fire commission until he moved to the Country Club tract outside the city limits a few years ago.

He was a family man, devoted to his wife, his surviving son and his grandchildren.

He participated in the Rotary Club, Masonic Lodge, Elks Club and Chamber of Commerce. He was a member of the executive board of the Redwood Empire Assn.

He was twice appointed to the Board of Supervisors, once by Governor Warren and once by Governor Knight. He served as a supervisor for about 10 years and as chairman of the board for about eight years.

These are some of the bare biographical facts, but he was more.

He was part of Marin and Marin was part of him. He lived and breathed and worked for and with the people of this county.

He had a temper and once in a while his righteous indignation made itself known, but he was never one to "carry a grudge." And he had compassion.

If we were to single out one characteristic that distinguished him more than anything else from other dedicated public servants we have known, it would be his inborn desire to serve the people he represented, to do the best for the most.

This, of course, is the highest recommendation for a public servant in our form of representative self-government.

And he earned the right to that recommendation.

His loss is a heavy one for Marin's county government, as it must be for his family and as it is for his many, many close friends.

But there is satisfaction in knowing that we are all better off for his having spent his 68 years of life here in Marin.

Symbol Of A Bygone Era

Remember when every house worthy of the name had a porch swing? It was on the cool end of the porch where the ivy or rambling rose gave it shade on warm afternoons.

Before the days of automobiles, when the young man called upon the young lady at her home, the porch swing was an indispensable part of American courtship. Many a romance bloomed and flourished to the gentle motion and semi-privacy of this happy construction of wood and bolts and chains.

It was a great place to read too. Many a young mind was carried to distant lands and moved by great thoughts upon the porch swing.

It is a symbol of an age when life was not complicated by nuclear fallout and freeways. It was the happy time of America's innocence. The porch swing survives in a few old Marin homes. Largely gone, but not forgotten by those who ever enjoyed them.

THE INNOCENT AT HOME

Better Bottle Up Your Bile, Or Else Take Up Golf

By ART BUCHWALD

WASHINGTON—Not long ago we had an ulcer. The doctor explained to us the reason was because we were burying all kinds of hostility inside ourself without even realizing it.

"When you get angry, sound off," the doctor told us. "Don't hold it in. We're all basically hostile and it's nothing to be ashamed of. Stop being a nice guy. If you don't let off steam, you're going to get your ulcer."

WELL, IT WAS the doctor's orders, so that night when we came home from the office we were ready to follow them out.

Our wife greeted us at the door with a kiss, as she usually does.

"Why do you always have to kiss me when I come home at night?" we snarled.

"What exactly does that mean?" she demanded.

"We've been married long enough—we don't have to go around kissing each other all the time," we said angrily.

Her face started to redden. "Well, excuse me. I didn't think I was doing anything wrong."

"THAT'S THE TROUBLE around here," I shouted. "Nobody thinks they're doing anything wrong. I have news for you. I've got hostile feelings, too."

An hour later we all sat down to dinner.

"Please pass the potatoes, Dad," our nine-year-old son said.

"I'm fed up with being Mr. Nice Guy around here," we yelled. "First he asks for the potatoes, next he'll ask for money, then he'll want to go out with girls, and pretty soon he'll be drinking and smoking. Somebody has to speak up. He'll thank me some day for not passing the potatoes."

The doorbell rang.

The boy collecting money for the newspaper was standing there.

"I DON'T HAVE any money. Now, what are you going to do about that?" And we slammed the door.

The next day we called the doctor.

"All bets are off," we informed him.

"Why?" he wanted to know.

"My son ran away from home, my wife is packing her bags, I can't get the morning newspapers anymore, someone's father wants to sock me in the jaw, none of the neighbors are talking to me, my mother-in-law is going to visit me because she fears for the safety of the children, and I've just been marked lousy because I wouldn't give to the American Red Cross."

"I see what you mean," the doctor said. "Maybe you better take up golf instead."

We look at the phone in disbelief. "Now you tell me?"

WHAT OUR READERS SAY

Civic Center 'Show Place'

EDITOR,
Independent Journal:

If our Civic Center was originally built as specified, to house all our county offices, this ridiculous question of yours (as of editorial July 9) would not have to come up again. Instead they made it into a show place with wasted hall ways that could have been office space.

Don't run down San Francisco for its buildings. They are not trying to impress anyone but their tax payers and they do well in keeping the cost down and getting what will serve the public needs best.

To put it bluntly: you're talking a little high for Mr. Average Citizen who comprises a greater percentage of the population. The only thing we want to impress in our buildings is the tax dollar and how wisely it is spent.

I think we ought to do something for our elders at "Lucas Valley Home." After all! the Civic Center is the show place we built with the money that was to be used for them. Don't we have a conscience?

Not Satisfied Or Happy

EDITOR,
Independent-Journal:

May I congratulate you on your excellent editorial of July 12 in which you expressed the opinion that many of the viewers of the so-called "art" exhibits at the Art and Garden Fair were neither satisfied nor happy with what they saw.

I agree with you that Marin artists are capable of some very beautiful work. No doubt many of the "rejects" would have pleased the public much better than the paintings hung in the gallery. Most of us are very tired of abstracts and are anxious to see a return to more representational art.

Only a viewer,

Deaf Require New School

EDITOR,
Independent-Journal:

I would like to say a few things in favor of the new school for the deaf and hard of hearing.

Since many local school districts prefer to have the county educate these handicapped children because it is so expensive for the individual schools to set up a program, I feel it is logical to have one school for the deaf and hard of hearing for the whole county. Also the understanding is that this school should be built next to a school for normal hearing children so that when a child is able, he may integrate in a class for a subject in which he is proficient.

I have known Dr. Calvert for some time and I value his opinion. His suggestion that the hard of hearing children should be completely integrated with their classroom an integral part of the school, describes the ideal. But children will be much better served through the new school. They can integrate as their abilities warrant, without sacrificing the valued speech therapy they need every day.

May I add that one of the classes for the deaf at Marindale with eight children is being conducted in the former nurses office. This is only one situation that would be remedied by this new school.

Furthermore, parents of deaf children constantly have the spector of someday having to send their precious child away to school for lack of facilities at home.

These children are learning speech and lipreading and will be able to talk fairly well. If a child is sent to a State school, even though sign language is not taught to younger children, they learn it fast and their speech suffers. I am a confirmed oralist and believe these children should have the opportunity to have the best education we can provide.

I ask the Board of Supervisors to consider this school with an open heart as well as an open mind.

Aided Campaign Of Education

EDITOR,
Independent-Journal:

This association has just completed a two-month educational effort to alert the community to the increase in disabling respiratory diseases.

Primarily, we depended on newspapers to convey the facts to the public, both pictorially and by the printed word. We feel fortunate, indeed, to have had the splendid and effective cooperation of the Independent-Journal.

Thank you sincerely.

TRY AND STOP ME

BENNETT CERF

Mrs. Gumbiner came back from her canasta party and asked the baby sitter, "Did you bathe the children as I instructed you to?" "Yes, ma'am," said the baby sitter, "and they behaved like lambs about it — except the biggest boy. He fought like blazes before I could get him undressed and into the tub."

"What do you mean, biggest boy?" inquired Mrs. Gumbiner. "We have only one son. Which biggest boy?" "The one with a bald spot and eyeglasses," said the baby sitter. "Good heavens," gasped Mrs. Gumbiner, "that's my husband!"

Comment by a small boy after watching a troupe pirouetting in a ballet: "Wouldn't it make things easier for everybody if they just got taller girls?"

I-J REPORTER'S NOTEBOOK

By RANDALL GOULD

In The Name Of CTKCAIWBTM Let's Revert To The Primitive

Most of Marin County in private ownership is still classified as agricultural, said a recent I-J editorial.

"And thank God for that," the editor added as he started off, no doubt, for his private sylvan solitude.

As a matter of fact the editor probably is a charter member of CTKCAIWBTM.

Surely you've heard of that, even if you don't belong — Confederation To Keep Marin County As It Was Before The Miwoks!

This is of course the parent organization from which sprung such offshoots as the CPPRCB, familiar to all I-J readers. The short way of saying Committee for the Preservation of the Present Residential Charter of Belvedere.

Should really be CFTPTPRCOB.

BUT THE disagreeable discrepancies between things as we would like them and things as they have been brought to public attention by what might well be called the BNON, or Barking Nuisances of Novato.

No more than our worthy supervisors, who remanded the issue to legal quarters without advice, recommendation or even a hint, do we wish to take any position on the facts of the matter mentioned.

But no fewer than 84 signers of an imposing document purporting to represent the heartfelt sentiments of neighbors of a commercial kennel on Novato's McClay Road have joined in verbal trouncing of the kennel-keepers as proprietors not merely of pooches, but of a confounded nuisance.

Now comes the pay-off. Unless a nuisance value, or lack of value, can be established all these protestors are up against a tough deal because there is no law against keeping a kennel at the location in question.

THAT'S BECAUSE, just as our agrarian-minded editor says, the area is classified still as agricultural.

But the neighbors protest it's not "still" in any other sense, but loud with barking, yelping, howling, bell-ringing and "obscene language" of the human variety.

And though such things may seem all right in an agricultural hinterland, the neighborhood in fact is rapidly becoming residential though not yet zoned as such.

Here we have the source of great bothers throughout Marin County. Our labels don't keep up with our facts. If that remark is pregnant with hidden philosophy and it worries you, phone the psychiatrist of your choice.

CERTAINLY we may all thank God for there being a Marin County, and for the fact that we are in it. But a lot of others are also in it with more coming on the fast gallop.

The trouble goes far beyond any lagging in our zoning. But of course it won't hurt to apply the familiar lash to our planners in the familiar way, while trying to dope out what else we want to do including a Berlin-type wall, free contraceptives, and Russian roulette every Saturday night.

Meanwhile our advice is for all dogs to bark less, except after consultation with their owners as to whether their area zoned agricultural is real or outmoded.

The same goes for things like family arguments, coming home drunk and disorderly, or singing coarse songs in loud voices.

Watch it, Bud. The next petition-target may be YOU.

Soviet-Chinese Split Seen As Significant For Future

WASHINGTON (AP)—The efforts of the Russians and Red Chinese to explain their split would look like a farce in the use of language if the split itself did not have such immense significance for the future.

In their attacks on each other both sides were obviously writing for the history books to justify their positions. This was still no excuse for their long-windedness.

On June 14 the Chinese banged the Russians — particularly Premier Khrushchev —in a statement which took up four full pages when reprinted in an American newspaper. It was a scathing criticism of the Soviet Union.

Yet it hardly mentioned the Soviet Union by name. Instead, it turned its scorn on "certain persons."

IT RIDICULED the Russians for accepting Western notions, condemned them as unrealistic, accused them of long and repeated hostility to Red China, and, in short, accused them of undermining world communism.

Over this past weekend the Russians replied in a 35,000-word open letter to "all Communist parties of the world." The Russians indicated the Red Chinese directly, thus demonstrating how much the split had widened.

This was a savage answer which accused the Red Chinese of being anti-white racists, of falsifications and distortions, of ingratitude for Soviet help and of undermining the unity of world communism.

IN BETWEEN the two documents the Russians and Chinese on July 5 opened talks in Moscow to settle their differences. The weekend publication of Soviet feelings showed how little the talks achieved.

In fact, the Soviet statement said the Chinese delegates to the talks were making the split worse.

The Russians, with their developing prosperity, would have far more to lose than the Chinese who are still in the scratching stage. They can afford to be more venturesome than the Russians.

Because this is so, Khrushchev has reason to be less reckless than the Chinese, although he was reckless enough last autumn when he slipped his missiles into Cuba and brought the United States and Russia to the edge of war.

HE IS NO LESS a revolutionary than the Chinese. He's just more sophisticated. There can hardly be any doubt — even among the Chinese — that Khrushchev will never stop trying his luck when and where he can. Cuba showed that.

He just doesn't want to stick his neck out, if he thinks it will be chopped off. If he does stick it out, as he did in Cuba, and knows he stuck it out too far, he'll pull it back and wait for another time.

REMEMBER WHEN?

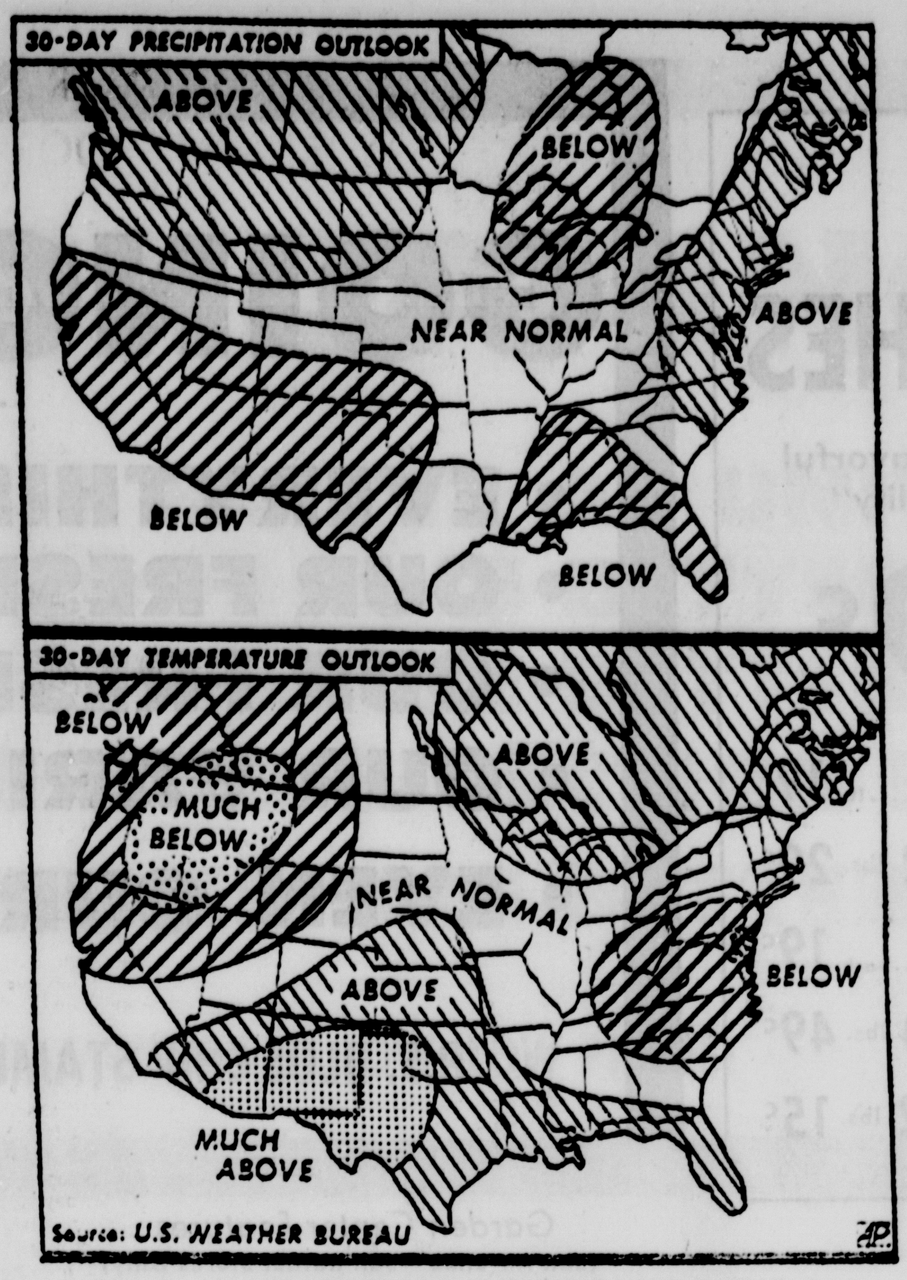

10 YEARS AGO

Marin County Housing Authority commissioners rejected an offer by P. J. Rowland of San Anselmo, on behalf of undisclosed persons, to buy Marin City for a race-segregated housing development. The commissioners said they could not accept any offer involving segregation as to race, creed or color.

20 YEARS AGO

Personnel of the Bolinas Air Warning Service attended dedication ceremonies for a newly constructed observation post, location not announced.

San Rafael City Council authorized $10,000 purchase of property east of the municipal yacht harbor owned by Sig Herzog and James Cochrane.

THIRTY-DAY FORECAST

Below average temperatures and rainfall appear to be in order for the Bay Area according to these maps which were prepared from information supplied by the U.S. Weather Bureau. The forecast is for 30 days.

Baget Paints Glowing Picture Of Finances

Novato's city administrator painted a glowing picture of the financial condition of the city last night, but the mayor and one city councilman got into an argument on raising the tax rate four cents.

In an evening filled with much talk on balanced budgets, salary increases and capital improvements, there was no definite action taken, pending a firmer income estimate.

City Administrator J. Julien Baget said city employees salaries could be raised within the preliminary balanced budget without any increase in taxes, and if the governor signs the one-cent gasoline tax increase, the city could have a tremendous public works program.

Mayor M. E. Silva advocated holding the tax rate at 30 cents to recreation and 15 cents to lighting.)

"We can take the five cents from the general fund and put it into the swimming pool bond retirement, holding the tax line," Silva suggested.

"When the people voted the bond issue, they knew they were voting a four-cent tax increase," said Councilman Lucile Cannon.

"Well, 1,400 did not vote for it," Silva said.

"The majority did. Aren't you going to follow the majority that did vote for it? They voted for new taxes and it is silly to absorb that cost out of something else when the people expect the tax increase," Mrs. Cannon argued.

"I may get voted down, but I won't vote for a tax increase," Silva said.

Baget presented salary increase proposals which he said would cost the city $12,777 for the last 11 months of the fiscal year. This calls for a raise of about 4 per cent for all city employees.

The only action taken by the council was to approve a final map of W. R. Backes' 13-lot Rancho Marin subdivision on Wilson Avenue south of Novato Boulevard.

Novato Streets Flood As Sewer Water Mains Break

A broken sewer and water main yesterday caused two holes in the pavement at Arthur and Hayes streets in Novato. Water seeping from a sewer undermined dirt around the water main, said Jerome B. Gilbert, North Marin County Water District manager. Heavy truck traffic caved in the dirt and broke a six-inch water main. It caused two holes almost two feet in depth and about 10 feet in length.

"It was lucky that no one was connected to the main, so we just shut it off," Gilbert said.

The water district, Novato Sanitary District and the city will get together to repair the street, Gilbert said.

Thievery Costs

NEW YORK (UPI) — Department, grocery, variety and discount stores lost some 714 million dollars in 1961 from pilferage, up 41 per cent from the 505 million dollars in 1951, according to trade association figures.

69-Year-Old Amputee Found Dead In Bed At Tam Valley

A 69-year-old Tamalpais Valley amputee, who had been despondent over his own amputation and over the death of County Supervisor Walter R. Castro, also an amputee, was found dead in his bed early today.

Henry James La Velle apparently slashed both wrists with a razor blade, Asst. Coroner William C. Bradley said.

La Velle had worked 16 years up to last year as a handler for Simmons Mattress Co. in San Francisco.

He became disabled with hardening of the arteries of his right leg. His leg was amputated last December. Released from Marin General Hospital Jan. 17, he joined his wife, Ivy Constance La Velle, and her two sisters, Mrs. Josephine Hill and Mrs. Edith Susan Bates, at 502 Northern Avenue, Tamalpais Valley. In May the La Velles moved to their own home at 551 Marin Avenue.

When Castro lost his right leg by amputation June 27, La Velle became despondent, Bradley reported. (Castro's left leg was amputated July 5. His death yesterday was attributed to a heart attack.)

Mrs. La Velle said she awakened at 1:30 a.m. today and found her husband lying partly off the bed, his wrists slashed. She called her two sisters, who called the sheriff's office.

An autopsy was scheduled at Russell and Gooch Mortuary, Mill Valley, where funeral arrangements are pending.

La Velle was a native of Colorado. He had lived in California 65 years and in Marin 22 years. Besides his wife, he is survived by a son, Ronald James La Velle of Larkspur.

$5,000 In Gems Stolen From Car

About $5,000 worth of jewelry disappeared from a purse left in a parked car on Indian Valley Road in Novato yesterday, Undersheriff Eugene Meyer reported today.

The owner of the gems is Bernice S. Countryman of San Francisco, who was visiting friends in Novato yesterday.

'Wrong Way' Corrigan Now Sits On Gold Mine

SANTA ANA (AP)—In an old barn in an orange grove near this Los Angeles suburb is an ancient airplane called "Lizzy."

There was a time when it was the most-photographed aircraft in America.

Getting a picture of it today is precisely as difficult as getting its owner to hold still for an interview.

The owner is Douglas (Wrong Way) Corrigan, who 25 years ago today flew the creaky monoplane from New York to Dublin, Ireland, in a flight that was supposed to end in Long Beach.

His classic explanation then: "My compass got stuck."

Corrigan, once glib in interviews, refuses to answer questions or pose for pictures. "I only talk for money now," says Corrigan.

It's not that he needs the money.

He earned about $85,000 from public appearances, a quickie movie "The Flying Irishman," his autobiography after his flight, and some years ago bought a 20-acre orange grove.

The grove now is in the middle of a residential area—a subdivider's dream.

"He's sitting on a gold mine," says a neighbor.

Corrigan, 55, has said he does not plan to subdivide and added characteristically: "I'm not one to do what everybody else is doing."

Corrigan couldn't get permission to duplicate Lindbergh's flight—authorities said it was too risky for his ancient craft.

So the stubborn young flier made secret preparations. He told airport officials he was heading back to California, but instead wound up in Ireland, 3,000 miles east instead of west, 24 hours later.

40 Cuban Teachers Fired By Government

HAVANA (UPI)—Forty Las Villas Province school teachers who balked at Communist indoctrination directives were fired by the government today "for immoral conduct contrary to the highest ideals of the fatherland."

The expulsion decree, signed by Education Ministry Provincial Superintendent Jacinto Torres Pedroso, was published today. Torres is a veteran Communist leader.

State To Sell Land In Novato

One of three parcels of land in Novato owned by the State Division of Highways will be sold at public auction next month.

The parcel between Vallejo and Olive streets on the east side of Highway 101 will be sold at public auction at 11 a.m. on Aug. 8, according to the sale announcement.

The plot contains 27,730 square feet. The minimum bid was set at $80,000.

This is one of three parcels which the division of highways purchased for right of way before the route of the freeway was set east of the railroad. Others are the Grant School property and Club Rio property.

Black Point Water District Is Requested

Formation of a Black Point Water Improvement District west of Highway 37 along Crest Drive to School Lane was discussed last night by the North Marin County Water District board.

A petition bearing signatures of 61 per cent of the residents in the area involved, asking for formation of the district, was presented to the board.

District engineers were instructed to make a preliminary survey and estimate on the cost of such a district, according to Jerome B. Gilbert, district manager.

An extension agreement for the 12-lot subdivision of Meadowbrook Estates south of Center Road was approved.

Classrooms Contract Let

Fostmeier Construction Co. of Corte Madera has been awarded a $136,008 contract to build five classrooms and a kindergarten addition to the West Novato School.

Fostmeier was the low bidder of two for the job. J. A. Gaivaglia Co. bid $1,700 higher.

Authorization to plan for a new elementary school of 12 classrooms and a kindergarten at San Marin was given by the Novato Unified School District board Monday night. The board also authorized Supt. James G. Bunker to proceed with acquiring the land for the school.

A compromise in the cafeteria workers' salary was adopted. It calls for four step increases instead of the five requested by the workers.

Approval was given to these contracts by the board: A $6,800 contract with Marin County for audio-visual service for the coming school year; with Marin County to purchase gasoline under the county contract and with the United Crusade for payroll deductions for employees with their consent.

Resurfacing playgrounds at Hill Junior High School and Olive School not to exceed $2,000 was authorized by the board.

Florida Woman Wins Powder Puff Derby

ATLANTIC CITY, N.J. (AP) — Mrs. Virginia Britt of Fort Lauderdale, Fla., has brought home a winner in her first race as a pilot in the Powder Puff Derby.

Mrs. Britt and her copilot, Mrs. Lee Winfield of Miami Springs, Fla., were declared the winners in the 17th annual coast-to-coast race for women fliers last night after the last of 43 competing planes finished their flights here.

The winners' plane was a 180-horsepower Piper Cherokee and the only craft in the race entered from Florida.

Second place went to Mrs. Nancy Lynam of Alameda, and her copilot, Ellen Bateman of Rockville, Md.

Mrs. Elaine Loening and her copilot, Mrs. Linda Warner, both San Francisco, who finished the race Monday, wound up third.

Mortuary Graduate

William T. Grafe of Sunnyvale, great-grandson of the late Edward Eden, who was Marin County's first coroner and founded the Eden Mortuary in San Rafael in 1874, graduated this week from the San Francisco College of Mortuary Science.

Larkspur Council Budget Meeting

The Larkspur city council will hold its second adjourned meeting of this week on the fiscal 1964 budget at 8 p.m. today.

The Madrone Avenue parking problem will also be discussed. City Mgr. Ronald E. Piper announced. Last month the council adopted a resolution restricting parking on both sides of the street between Jones Way and Redwood Avenue effective July 24. Other restrictions have been discussed.

A policy on widening of streets will be discussed. Details are lacking. It is an agenda item Mayor Lesly A. Daveler has been suggesting for seven months.

Civil Air Patrol Captain Promoted

Harry Treanor, 39 Roberts Avenue, San Rafael, has been promoted from captain to major of Marin Squadron 4, Civil Air Patrol. He is the second man in the squadron to hold the rank, joining squadron commanding officer Maj. Walter Zeeb of Terra Linda.

Major Treanor, who owns and flies a Stinson L-5, is in charge of simulated or practice searches for the squadron.

Fractured Jaw Result Of Wreck

Hildegard M. Webber, 38, of Petaluma, suffered a fractured jaw when her northbound car ran through 115 feet of soft earth in the center area of Highway 101 just north of Novato about 6:45 p.m. yesterday.

The car stopped after hitting a barricade and flasher unit, said California Highway Patrol officer Frank Webb. She was admitted to Novato Hospital where her condition today was "good."

Sausalito Budget Due Small Hike

Sausalito's total budget for the 1963-64 fiscal year will be $623,175, up $60,000 from the last fiscal year, but the city council hopes to keep the tax rate at $1.25.

Sausalito city councilmen last night unanimously approved the budget, presented by City Mgr. Charles A. Brown.

Principal increases are in the fire department (up $29,000), recreation (up $7,000), library (up $4,000), engineering (up $4,000), and salary increases for city employees totalling $22,834 or about nine per cent.

With the addition of four firemen the total cost of salaries is up $46,000 from last year.

"Despite the increase in costs, we hope to keep the tax rate at $1.25, the same as last year," announced Mayor Paul Micou.

Sausalito Meter Fee Hike Being Delayed

Sausalito's proposed raise in parking meter fees from five cents to 10 cent swill be held up, pending efforts to have over-parking fines raised from $1 to $2, city councilmen decided last night.

"If the fines are not increased, we recommend that the meter raise be made effective," Councilmen Carl W. Gabrielson and Howard Sievers reported. Gabrielson is president of a large downtown parking garage in San Francisco, a director of the San Francisco Garage and Parking Assn. and a member of its finance committee.

"An increase in fines is far preferable to an increase in meter fees in one part of town," declared Leonard Bjorlund, president of the Sausalito Chamber of Commerce. "Anything the chamber can do to help change the fine schedule, we'd be delighted to do."

The councilmen unanimously approved the Gabrielson-Sievers subcommittee report and asked City Atty. Leland H. Jordan to try to get the parking fines raised to $2. Jordan will report at the next regular meeting, Aug. 6.

Jordan reported that Marin judges want to have the fines uniform for the whole county. He said said Mill Valley is willing to join Sausalito in raising the fines, but San Rafael wants to keep the $1 fines.

Alan Scurfield, former mayor, vigorously opposed the 10-cent meter fee, declaring: "I think the 10-cent meter is the worst thing you can do for merchants . . . We're only chasing away people who are shopping locally."

The Gabrielson-Sievers report points out that turnover is what the city needs. "It has been found that an increase in the meter charge from five cents to 10 cents has improved turnover from 25 to 45 per cent. More turnover is needed in downtown Sausalito if the merchants want to keep their customers from shopping elsewhere."

Revenue is a secondary factor, said Grabielson. "The amount we are discussing is $9,000."

The city can get the needed revenue in one of three ways, said Gabrielson: (1) Increase taxes by about 6½ cents, (2) raise meter fees to 10 cents, or (3) increase parking fines to $2.

City fathers decided to work for raise in fines first, then fall back on the meter increase if fines cannot be raised.

Airways Fined For Improper Maintenance

WASHINGTON (AP) — Slick Airways of San Francisco has been fined $750 for improper maintenance on a Lockheed Constellation transport on transpacific flights last August.

The Federal Aviation Agency said the plane arrived at Honolulu on a flight from San Francisco Aug. 4 with an engine leaking oil.

Women Shaken Up In Car Accident

Two Sausalito women were shaken up about 5:10 p.m. yesterday when the northbound car in which they were riding was hit in the rear by another auto on Highway 101 south of the Black Point cutoff.

A car driven by Albert Miller of 7 St. Johns Court, Novato, hit that of Vincent J. Melovich, 46, of 424 Pine Street, said California Highway Patrol officer T. W. Foley. Melovich's wife, Freida, 41, and his mother, Mrs. Antoinette Melovich, 66, of 691 Bridgeway, were examined at Novato Hospital.

Marin Couple Fete Golden Wedding

"Faith and understanding and the true idea of love has kept us together," said Mrs. Earl James, who with her husband celebrated their 50th wedding anniversary Sunday.

"We have been a very close family," she added and related that they reared three children and now have nine grandchildren and two great grandchildren.

The Jameses, who live at 181 Drake Avenue, Marin City, celebrated their anniversary at the home of their son, William James, in Sacramento. A daughter, Mrs. Alice Clarke, also resides there and another daughter, Mrs. Thomas Roberts, lives in Grass Valley.

The couple met in Chicago where they were both reared. They were married July 12, 1913 in Chicago and then moved to Minnesota where they resided 30 years, most of the time at Willmar. James was a traveling salesman of yard goods for Marshall Field and Co. out of Chicago.

In 1942 James came to Marin City to work as a pipe cutter in Marinship. Mrs. James followed in 1943.

"My husband had a perfect record at the ship yard," Mrs. James said. "Never late, never absent. He was one of the last men who was given a blue slip when the war ended."

James next worked as yardage salesman at the City of Paris, staying 11 years and retiring in 1958. He is now 74. He has been active in the Marin City tenants council as well as the Boy Scout committee.

Mrs. James, 71, was once chairman of the Marin City Improvement Club and president of the Marin City Garden Club. She is active in the Marin Music Chest, enjoys church work, keeps active in civic affairs by attending most meetings of the housing authority and redevelopment agency commissions. Mrs. James, born in Canada, said she also does work for the Republican Party.

The Jameses lived many years in temporary war housing and are now in permanent housing in an apartment.

"One of the nicest things is to see the new homes going up," she said. "I rejoice every day. In fact, if we were younger and Earl were working, I'd have one."

Navigation Equipment Taken From Cruiser

Theft of two binoculars, a telescope, direction finder and navigation equipment from a 40-foot cabin cruiser berthed in back of 555 Francisco Boulevard, San Rafael, was reported to San Rafael police.

Ramond Biaggi of San Francisco said entry was gained into his boat by cutting a portion of the screen door.

'Pop' Small Is Retiring As Sen. Kuchel's Aide

Merrell F. Small, one of Marin County's "early day commuters" and former editor of the Marin Journal, will retire from his post as Northern California representative for Sen. Thomas H. Kuchel July 31.

Small, known to office holders and newspapermen as "Pop," has been associated with Senator Kuchel since 1953.

He served as the senator's administrative assistant in Washington, D. C., for seven years, and then made his headquarters as representative in Sacramento three years ago.

T. Fred Bagshaw of Mill Valley described Small as "an early day commuter" from Mill Valley to San Francisco.

Small, at one time a telegraph operator, was publisher of the Feather River Bulletin in Quincy, which pushed for the Feather River highway. He is a former president of the California Newspaper Publishers Assn.

Before joining Senator Kuchel, Small was departmental secretary for then-Governor Earl Warren for several years.

After his retirement Small will continue to live in Sacramento, Senator Kuchel's office reported.

Stabbed Inmate In 'Good' Condition

San Quentin Prison inmate Francis Lloyd Burke, who was stabbed by a fellow prisoner five times Monday, was reported in good condition today at the prison hospital.

His alleged attacker, Salvador Villa Martinez, who is serving a life sentence, was placed in isolation until his hearing before the disciplinary committee Tuesday.

A modern railroad passenger coach costs about $200,000.

Seniors Set Picnic At Taylor Park

Marin senior citizens will have a picnic at Samuel P. Taylor State Park July 25 offering a special inducement for attendance by non-members.

Manny Charnow, known as "Mr. Senior Citizen," said there will be a "surprise" for members and a "double surprise" for non-members attending the picnic starting at 10 a.m.

No ticket will be necessary but those attending should take lunches, he said.

Plans for moving senior activities from the temporary location at 1114 Fifth Avenue to the San Rafael City Recreation Center to be established at the American Legion Hall will be discussed at the picnic.

Americans ate fewer eggs in 1962 than in the past 20 years —324 per person, according to North Dakota State University College of Agriculture.

Russians Not Convinced Man On Moon Valuable

JODRELL BANK, England (AP) — Russian scientists are not convinced of the value of putting a man on the moon and may seek an international agreement on the worth of such a project, a British space expert reports.

Sir Bernard Lovell, director of the Jodrell Bank radio astronomy observatory, told a news conference yesterday the president of the Soviet Academy of Sciences told him he felt scientists should reach an agreement on the desirability and value of a manned lunar landing before the nations proceed with such projects.

Lovell said he is relaying the suggestion to U. S. and British space officials.

Sir Bernard has just returned from a three-week visit to the Soviet Union. He was the first Western scientist allowed to inspect Soviet space tracking stations.

He said the Soviet Union is confident instruments can answer 90 per cent of man's questions about the moon. He conceded, however, that national prestige also was involved.

Amateur Radio Club Efficiency Contest

An efficiency contest for mobile amateur radio equipment will be held Sunday at 10:30 a.m. on Sir Francis Drake Boulevard in Greenbrae near Hutchinson's Quarry by the Marin Amateur Radio Club.

Basis of the contest will be to determine which mobile equipment radiates the most power in radio frequencies when compared to the input power needed to operate the unit. The contest is open to all amateur radio operators with mobile equipment.

Park Group Wants Power Over Sites

The San Rafael Park and Recreation Commission would like the same power school districts have to designate sites in residential subdivisions for parks.

In a joint meeting last night of the planning commission and park and recreation commission in city hall, Recreation Director Joseph D. Rodota proposed an ordinance which would require subdivision maps to be referred to the park-recreation commission.

The city would still have to purchase the land involved, and commissioners discussed financing schemes, including establishment of local special park districts or service areas.

Mrs. Anita Strom of the park and recreation commission suggested the special districts, saying interested people would then directly finance their own parks.

Planning Commissioner Orlando Conti countered that most persons using the park would never know where the money came from.

Planning Commissioner Charles J. Hendrickson said park facilities should be centralized as much as possible, to make policing against vandalism easier.

Parks and Recreation Commissioner Charles Tacchi, just appointed to the group the night before, asked for action soon. He said he had seen people waiting at 6 a.m. outside Boyd Park to be sure of getting use of a barbecue pit.

The two commissions agreed to ask for a joint meeting with the city council to discuss acquisition of park sites and implementation of the forthcoming general plan.

The eagle, well known as the national emblem of the United States, also is the national emblem of Mexico.

Library Unit Seeks Power Over Budget

Does a library board have the power to set up a budget of its liking and make it stick on the city council?

This question was posed last night by John Gallas, a member of the Sausalito Library Board.

Sausalito city councilmen asked City Atty. Leland H. Jordan to check the law and report at the Aug. 6 meeting.

"The library board operates under the Education Code and is taxed separately," Gallas explained. "I find no opinions of any kind and no litigation on this question. My intent is to clear this up once and for all. This will help, not only this city but every other city in California."

Young crows have been known to eat an amount of food equal to their weight in one day.

Fairfax School Tax Rate Down In Budget

The Fairfax School District board last night adopted a budget for 1963-64 with a tax rate estimated to be 14 cents below this year's rate of $2.42 per $100 of assessed valuation, aside from bond retirement.

Supt. Homer Sisk said the tax rate needed to support a budget of $439,390 would be $2.28. Last year's budget called for $399,675 in expenditures.

The budget does not include bond retirement. For this, the Fairfax district last year levied a 23-cent tax, which would be unchanged this year. This would make the district's total tax rate $2.51.

Sisk said the decreased tax rate was possible, despite the larger expenditures, because of increased assessed valuation and a larger surplus accumulated at the end of the year than expected.

The board decided to pay parents of students on Bolinas Avenue to the Meadow Club ont more than three cents per mile to furnish their own transportation to schools.

Sisk said that the per pupil cost would be about the same as those having bus transportation available. The estimated cost of the "in lieu" payments is $1,000.

Injured Woman In 'Fair' Condition

A 75-year-old San Francisco woman was in "fair" condition today at San Rafael General Hospital after being injured by an automobile while crossing Third Street at Tamalpais Avenue in San Rafael Monday at 7:30 p.m.

Ada Anderson suffered a broken hip bone and shoulder. She also had multiple cuts.

Driver Franklin Donald Corbelli of Daly City told San Rafael police that he was blinded by the sun while driving west on Third Street.

His successor as bridge engineer in charge of special projects will be Raymond J. Ivy.

Million-Dollar Budget Set For Hub Schools

The San Anselmo School District board last night adopted its first million-dollar budget but the tax rate should remain "just about the same," Supt. Stephen Parodi estimated.

Expenditures for 1963-64 will be $1,044,174, as compared to $976,488.43 in 1962-63. The tax rate for 1962-63 was $2.54 per $100 of assessed valuation.

The board came to no decision on where the fifth grade at Yolansdale School would be transferred, but discussed the alternative of using a room in the First Baptist Church across the street from Isabel Cook School.

The board has been considering sending the students to the Sleepy Hollow School. Only 10 parents of pupils showed up at the meeting. Parodi had sent 58 invitations to parents of Yolansdale fifth graders.

The board postponed decision on naming a person to a vacancy on the board created by resignation of John E. Wagstaff, who is moving from the district.

Three persons have submitted their names as interested in filling the vacancy. They are: Joseph E. Tilt of 61 Angela Avenue, who narrowly missed being elected to the board this spring; Joseph Seirino of 52 Melville Avenue, and Howard M. McKinley of 109 Melville Avenue.

The board decided to wait until its Aug. 1 meeting.

Two teachers were hired: Dorothy Gerke, to teach kindergarten at Yolansdale School, and Mrs. Kay Yager, fourth grade at Sleepy Hollow School.

HELPING HANDS—Pittsburgh Pirate first baseman Donn Clendenon has more to contend with than just the baseball when San Francisco Giant Jim Davenport lofted this foul in the seventh inning of the first game of last night's doubleheader. These Forbes Field fans seem as anxious as Clendenon to catch the pop fly. San Francisco won 3-2, but bowed by the same score in the second game to blow a chance to gain on the first-place Dodgers. McCovey Goes For Record

NEW YORK (AP) — Willie McCovey, the only brightness in San Francisco Giants baseball these days, bids to tie his own team hitting streak record tonight in the opener of a two-game series against the New York Mets.

The lanky left-hander has hit safely in 21 consecutive games, one short of the San Francisco record he set in 1959. McCovey will face the offerings of Tracy Stallard, 3-7, while the weary Giants' staff offers Gaylord Perry, 1-3.

If McCovey hits tonight, he'll need only two more games in which to equal the all-time Giants mark of 24 games, set by Fred Lindstrom in 1930 and tied by Don Mueller in 1955 before the team left New York.

He's still a long distance away from the National League record of 44 set in 1897 by Baltimore's Willie Keeler.

McCovey was practically the entire San Francisco story in yesterday's doubleheader split with the Pittsburgh Pirates.

His two-out ninth-inning home run won the first game 3-2 and his home run and single drove home both San Francisco runs in a 3-2 second game defeat.

The home runs, each with the bases empty, gave him 28 for the season, 14 in his last 21 games and 10 for the month of July.

With 14 games to play this month, McCovey is only six round-trippers away from equaling the National League record of 16 home runs in a single month set 14 years ago by Pittsburgh's Ralph Kiner.

As has been the case with the Giants so much this year, the offense was practically all home run or nothing.

Willie Mays thrust the Giants ahead 1-0 in the fourth inning of the opener with an inside-the-park homer that bounced crazily into left field foul territory. It was his 18th of the year.

Orlando Cepeda upped the margin to 2-0 with a homer in the fifth—again with the bases empty. Doubles by Bob Bailey and Bill Virdon plus Bob Clemente's single off starter Bob Bolin tied the game in the last of the fifth.

But McCovey resolved the tie with his blow off loser Don Cardwell. Jack Fisher, fourth of five Giants pitchers, won his fourth game in 11 decisions and his first in more than two months.

McCovey homered his first time up in the nightcap and put the Giants back ahead 2-1 with a third-inning single that followed hits by Chuck Hiller and Felipe Alou.

But back-to-back doubles by Clemente and Bill Mazeroski tied the game in the bottom of the inning and Pittsburgh got its winning run off Jack Sanford in the fifth when Bill Virdon tripled and scored on Clemente's single.

The loss, Sanford's fifth straight, dropped his record to 9-10. He hasn't won in more than a month.

The split plunged the Giants to fourth place, seven games behind Los Angeles, 1½ behind Chicago and a half game in arrears of St. Louis.

Peephole Columnists Are Talking; Is Alvin Dark On His Way Out?

CONNOLLY

It had to come, but no one thought it would come so early. I'm referring to remarks of peephole San Francisco columnists who say Alvin Dark is like the man on the flying trapeze—he could fall into space anytime.

In other words, lose his job as Giant manager.

Those peephole guys really rate high in my book. They pop-off only when properly informed.

As proof of what I say, how often have you heard of any peephole columnist being socked with a libel or defamation of character suit?

This state of affairs can only mean one thing—the peephole columnists know what they are talking about. They know their sources of information pretty well.

The peephole columnists have no axes to grind, nor noses to pinch. They just write what they hear. None of 'em wants any manager's job.

ALVIN DARK, S.F. Giant manager, is on the spot, in my opinion, because he has developed a very selfish attitude. He would crucify the umpires because his team is playing poorly and losing consistently. He'd like to blame the poor pitching of his Giants on the umps because, from where he sits in the dugout, he finds himself a better guesser than the ump who stands directly behind the batter.

It just doesn't make sense.

Alvin Dark's treatment and lack of respect for the umpires is barely short of disgraceful. He really and truly thinks the umps should throw a pitcher out of a ball game who deliberately throws at a batter. He forgets the umpire isn't a mind reader. How can an umpire say a pitcher deliberately threw at a batter?

The only thing definitely wrong with Alvin Dark's indictment of umpires is his poor memory.

In the history of organized baseball no umpire has even been proved to be dishonest—in-on-the-payoff.

THE BALL PLAYERS can't say that. Not after what happened in the 1919 World Series when the players sold out to the gamblers.

So why blame the umps? They are perhaps the most devoted guys in baseball. They call 'em as they see 'em and admit they could be wrong. But not intentionally.

Umps are not supposed to talk to players or even live in the same hotels. Its a funny role, but it is true.

Umps do what the league president tells them to do. They enforce the rules not because they believe in 'em, but because the league prexy insists they do it.

SO WE FIND a lot of scrawny managers, some of 'em not too smart, providing alibis for the owner, putting all the blame on the umps, instead of explaining to the head man about the "breaks of the game" over which the umps have no control.

It just doesn't make sense and I believe Alvin Dark has plenty of sense. But he uses his sense in one direction—to help his players.

Umps, in Dark's opinion, are a nuisance.

Arnie Laughs Off Talk Of PGA Jinx

DALLAS (UPI)—Favored Arnold Palmer laughed off the suggestions of his fellow pros today that if he doesn't win the PGA Golf Championship this week he may develop a defeatist complex which will keep him from ever capturing it.

"Maybe it's wishful thinking on their part," Palmer smiled. "At least, I haven't stayed awake nights worrying about it and I'm not likely to start. Of course, if I don't win it pretty soon I'm liable to start wondering if I ever will.

"But right now, I'm not worried. I'm worried more about my head cold and my driving."

The PGA, which starts tomorrow over the 7,046-yard heat-seared DAC Country Club course, is the only major title Palmer hasn't won. He has taken the Masters three times, the British Open twice and the U. S. Open once.

Despite his poor showing in the British Open last week, Palmer is regarded as the man to beat in this 45th annual tournament for the nation's golf professionals.

"You never want to sell Palmer short," said big George Bayer, who thinks his chances on this rolling course "are as good as anybody's."

"I see where a lot of the pros don't think that Palmer, Jack Nicklaus or Gary Player (the defending champion) can win this one," Bayer added. "All I can say is that any one of them can win any tournament they play in.

Mrs. Donald Fox Scores Sweep At Peacock Gap

Mrs. Donald Fox won both the medal play trophy and the Class B Medal sweepstakes yesterday during Women's Day play at Peacock Gap with her round of 102-36-66.

Mrs. E. J. O'Grady took first place in Class A with 92-22-70, while Mrs. Victor Verdellet (97-23-74) and Mrs. Herman Bergfried (86-12-74) tied for second. Fourth went to Mrs. D. R. Olson with 99-23-76.

Trailing Mrs. Fox in Class B were Mrs. J. W. Dickover (111-36-75) and three women—Mrs. A. L. Rowland, Mrs. John Sauter and Mrs. H. J. McGlyn—with 116-36-80.

Wilson Ups His Average With Big Week At Bat

Former Marin Catholic High School outfielder Doug Wilson turned in the best performance among Marin County baseball professionals last week when he collected 10 hits in 26 at bats to climb over the .300 mark for Decatur, Ill., the Giants' farm club in the class A Midwest League.

Wilson batted in seven runs and scored six as he rose 27 points to .307. This was in marked contrast to the hitting during the week of another ex-Wildcat, John Boccabella, who subsided to .222 after hitting .406 the previous week.

John's average at Pocatello, Ida., dropped 37 points to .321, but he still continued to hit with power. Among his eight hits were two home runs and two doubles. He scored nine runs, knocked in seven, and now totals 11 homers and 40 RBIs.

Ron Blum, also a Marin Catholic grad, has started to play good ball for St. Cloud, Minn., like Pocatello a Cubs' farm team, in the class A Northern League. Though not hitting for power, Ron ripped 13 safeties in 32 chances last week to raise his average 21 points to .261.

Two outfilders from Marin, Ken Anderson of Milwaukee's Waycross, Ga., club and Neil Austinson of the Giants' team at Lexington, N.C., ran into bad hitting slumps last week that sent them deep below .300.

Anderson went four for 22, a .182 clip, and fell 30 points to .267, while Austinson had even worse trouble. He had three for 28 (.107) and sank 111 points to .250.

Marin's only pitching prospect, Nino Geminiani of Detroit's Jamestown, N.Y., team, saw action in four games last week for a total of seven innings. He had no decisions, and control still was Nino's biggest problem. He walked seven, struck out three, and gave up eight hits.

SACRAMENTO (AP) — Fans must be warned that a wrestling match is fixed under a bill signed into law by Gov. Edmund G. Brown.

Only non-fixed matches could be called "contests."

Pole Vaulter Remains On Critical List

SEATTLE (UPI)—Pole vaulter Brian Sternberg's overall condition remained critical today, following surgery for the removal of a cervical disc damaged in a trampoline fall which left the University of Washington athlete paralyzed.

Sternberg underwent a five-hour operation at University Hospital yesterday in the hope that removal of the disc would speed his recovery from paralysis.

The hospital's medical director, Dr. William Robertson, said it would be about two weeks before any new information would be available as to Sternberg's chances of recovery.

Robertson said Sternberg came through the operation without any apparent complications.

Four Winners

INGLEWOOD (AP) — Willie Shoemaker rode four winners at Hollywood Park yesterday.

Sandy Chalks Up Another— 9th Straight

PITTSBURGH (AP)—The Los Angeles Dodgers looked alternately good and bad in splitting a doubleheader with Philadelphia last night.

Sandy Koufax pitched a 5-2 victory in the opener and the Phils bombed five second line Dodger pitchers for 12 hits and a 10-2 decision in the nightcap.

GIVES UP RUN

It was the ninth straight victory for Koufax but the blazing fast southpaw finally gave up a run after 33 scoreless innings. The Phils touched him for a run in the seventh and got another in the seventh.

Nevertheless, Koufax ended up with a six-hitter and chalked up his 16th victory of the season against only three defeats and one of those defeats was by a 1-0 score.

Sandy fanned seven and didn't issue a walk.

GREEN'S SECOND

The Phils had no trouble at all in the second game as Dallas Green went the distance for his second win against three defeats.

Yesterday's developments left the Dodgers 5½ games in front of the Chicago Cubs; 6½ in front of the St. Louis Cards and 7 in front of the San Francisco Giants.

Bob Delantoni, top seeded in the boys 18 and under singles, defeated Dennis Arellano 6-2, 7-9, 6-4.

Most of the quarterfinals and doubles matches were scheduled for today. Semi-finals will be played tomorrow and the final matches on Friday at the Belvedere Tennis Club courts.

Little Stu Shines Brightly As Reliefer For Baltimore

By U.P. INTERNATIONAL

What are the odds that Dick Radatz, the Boston monster who terrifies American League hitters, would be challenged by a pitcher who was once blown off the mound by a gust of wind?

You name 'em and you've got the odds against Stu Miller, a 160-pound chap whose hobby is contract bridge, being in the big leagues in the first place. Yet the ex-San Francisco Giant right-hander is doing a brilliant job of relief pitching in his own right and is the key reason the Baltimore Orioles are still within shouting distance of the American League lead.

Miller whose equipment is described by hitters as "slow, slower and let's not get ridiculous," has been the closeout pitcher in the Orioles' last seven victories dating back to July 5. He's been the official winner in only one of those games and his season record is a mere 3-4, but that only proves that records don't always tell the real story.

Miller—he was "blown off the mound by a sudden gust of wind during the 1961 All-Star Game in San Francisco—turned in a typical clutch relief job last night to preserve the Orioles' 5-2 win over the Detroit Tigers. The win moved the Orioles to within 6½ games of the first-place New York Yankees, who were rained out in Minnesota.

The Los Angeles Angels shaded the Cleveland Indians, 2-1, the Washington Senators downed the Chicago White Sox, 3-1, and the Kansas City Athletics routed the Boston Red Sox, 11-0, in other A.L. action.

In the National League, Los Angeles beat Philadelphia, 5-2, and lost 10-2, Pittsburgh downed San Francisco, 3-2, after losing the opener by the same score, Chicago nipped Milwaukee, 1-0, St. Louis edged out Cincinnati, 5-4, and New York tripped Houston, 4-3.

Raiders Line Up Kicking Prospect

SANTA ROSA (AP)—The Oakland Raiders hope a rookie from South Dakota State can solve their place-kicking problems.

Head Coach Al Davis announced yesterday the signing of John Stone, saying, "we've had good reports on the boy and we sure needed a kicking specialist. We brought him to camp earlier than we generally would bring a kicker in order to give him plenty of work."

Rams Get Livingston, Osborne From Vikings

LOS ANGELES (AP) — Cliff Livingston, former UCLA star and later a defensive regular with the New York Giants, has been acquired by the Los Angeles Rams of the National Football League.

The Rams yesterday traded a "medium low" draft choice for Livingston and Clancy Osborne, a former Ram who was sent to the San Francisco 49ers.

Mass Exodus From Corte Madera; Troppmanns Off To Shrine Game

Corte Madera's population was temporarily reduced by seven today as the Troppman family, bags packed, piled in the old flivver and took off for Southern California.

Bob Troppman, the bread winner of the clan, and his oldest lad, Jim, have an important date for the next few weeks as participants in the annual North-South Shrine Football Classic at the L. A. Memorial Coliseum on Aug. 1.

Mrs. Tropp and Joan, Jan, Judy and John Troppman are going along for the ride.

Bob Troppman is the first Marin Countian ever selected as a coach in the L.A. contest. The Redwood mentor and Bob Berry of Willow Glen High will co-coach the North Stars.

Jim Troppman is the ninth Marin County player to be selected in the 12-year history of the game. Before him were guard Dick Rush of Tamalpais High in 1952; end Mike Watters of San Rafael and guard Willie Hector of Tam in 1957; guard Dick DeBisschop of Drake in 1958; end Ron Snidow of San Rafael and quarterback Jack Sparrow of Novato in 1959; and tackle Kent Francisco of San Rafael and guard Bob Hector of Tamalpais in 1960.

All went on to college ball—Rush to Arizona State, Watters to College of Marin and Oregon State; Willie Hector to U. of Pacific; DeBisschop to Oregon State; Snidow to Oregon; Sparrow to Pacific; Francisco to UCLA, and Bob Hector to San Francisco City College.

Troppman and co-coach Berry will open their North Stars' training camp at UCLA Sunday morning.

Although the Aug. 1 game will be televised to Northern California (Channel 2) several Marin fans plan to attend, including Rome Brusati, Colin Hill, Al Endriss, Jeff Teather, Paul Leslie, Dave Dukes, John Pagliaro, Eddie Erdelatz, Dick Hart, Lyle Fisher, Don Kreps, Dave Auerbach, Steve Minutoli, Dave Cox and Joel Wallace.

MARIN FANS planning to tele-view the July 22 Patterson-Liston rematch can obtain tickets to the Richmond Auditorium closed circut showing in San Rafael.

The Carmel Barber Shop at 828 B Street is selling the Richmond ducats for Promoter Louie Miller. They're priced at $2 general admission, $3 for box and dress circle and $4 for "ringside."

FORMER San Rafael Military Academy star Drew Roberts is one of the rookies trying out for a job with the Oakland Raiders at their Santa Rosa training camp these days. After his SRMA days Roberts, an offensive end, went on to small college stardom at Humboldt State.

TWO MARIN Countians will be on hand when the 49ers open camp this week over at St. Mary's — the veteran Matt Hazeltine, team captain; and quarterback rookie Jack Sparrow from Novato, signed by the 49ers as a free agent.

TERRA LINDA's Diane Congdon, who hopes to gain a spot on the 1964 U.S. Olympic track squad, placed second in the recent National AAU women's discuss event in Dayton, O. with a throw of 122 feet, 8½ inches. She's done much better in previous competition, but a bruised hand handicapped her in the nationals.

Diane, 16, was given a special award as the outstanding girl athlete at Terra Linda High at the end of last semester.

JOHN J. CONNOLLY has been limiting his criticism of the Giants to his Bullpen column the last couple of days. The outspoken Jawn Jay had a molar yanked Tuesday and ain't doin' much talking.

Former I-J Sports Scribe Gets Vegas School Post

LAS VEGAS, Nev. — Ross Tucker, well-known former Marin County resident, has been appointed Publications Co-ordinator for the Clark County School District by the board of school trustees meeting here.

Tucker, 33, served as interim sports editor of the Independent-Journal during the time Sports Editor Jim Gilmartin was serving in Korea with the U.S. Marine Corps. He also was a sportscaster for the San Rafael newspaper.

The veteran scribe has been sports editor of the Las Vegas Sun for the past two and one-half years, a position he will resign immediately following the heavyweight title fight between Sonny Liston and Floyd Patterson here on July 22 to start his new position.

Tucker has resided in Las Vegas for nearly 10 years and was sportswriter for the Review-Journal before moving to the Sun.

Tucker, son of Mrs. Margaret Tucker, 58 Lincoln Ave., San Anselmo, graduated from Tamalpais High School, College of Marin and University of California, Berkeley, with a degree in journalism.

He has taught four years in the Clark County School District—two years at Rancho and two at Western High School in Las Vegas where he has instructed journalism, publications, U.S. History, government and English.

Warden Gets His Man—Red-Handed

Department of Fish and Game Warden E. P. Becas had a problem. He knew a young Sacramentan was guilty of dumping rubbish into the Sacramento Bypass, in Yolo County, but the warden couldn't locate the man.

The problem was solved two weeks later when the man was located, again dumping rubbish into the Sacramento Bypass.

The man, a 23 year old Sacramento resident, appeared in the Broderick Court and was fined $250, or 50 days in jail, for each violation, and is being held in jail pending payment of the fines.

The "Two Mile Trials" will be run in several sports car classes as well as those for American sedans. Admission to the raceway will be a $1 donation to the Medical Research Foundation, while the entry fee is $4 each day. Further information may be obtained from Dave France of 100 Legend Road in San Anselmo.

Dons Down Palms In Practice Tilt

Dons of Marin downed Bermuda Palms 9-6 Sunday in a practice semi-pro baseball game.

Leading the winners were Lorry Galassi with a triple and single and Jim Lacey with a pair of singles.

For the Palms, Bob Redding singled twice and tripled, Danny Bell homered and singled and Don Herbert singled twice.

Old Mill Softballers Get Two Victories

Old Mill Tavern softball team posted two victories over J. & L. Motors at San Rafael's Albert Park Sunday, 7-4 and 8-3.

The 7-4 game was the completion of a game postponed from an earlier date. In the 8-3 triumph the Old Mill was paced by Bob Wayne who pitched a two-hitter, struck out 10 and blasted a home run. Lloyd Creemer also homered for the winners.

Old Mill and Stan's Sports Shop tangle in a double-header tonight, 8 o'clock, at Albert Park.

TRAINING CAMP

49ers Report To Moraga Tomorrow

San Francisco 49ers will open training camp in preparation for their 14th National Football League season when 33 men report to St. Mary's College tomorrow.

This group, principally rookies, receivers, quarterbacks and centers, will begin taking their physical examinations at 10 a.m.

On Friday the rest of the squad will check in, with the exception of the five rookies who will be in Chicago for the All-Star game with the Green Bay Packers on Aug. 2. These five are halfback Kermit Alexander (UCLA), end Hugh Campbell (Washington State), tackle Floyd Dean (Florida), tackle Walter Rock (Maryland), and tackle Charles Sieminski (Penn State).

Coach Red Hickey, beginning his fifth year at the 49er helm, will have a total of 53 men in camp until the five rookies check-in from Chicago.

Of the 53, seven are veterans who have been invited to camp but who have not as yet signed their 1963 contracts. They are guard Bruce Bosley, guard Ted Connally, fullback Bill Cooper, center John Mellekas, defensive end Len Rohde, linebacker John Thomas and defensive halfback Abe Woodson.

Hickey has added one new rookie, tackle Tom Gray, who signed as a free agent. Gray, 6-5, 242 and 25, is a native of Honolulu and played his collegiate ball at the University of Hawaii. Gray's signing brings to 19 the total number of rookies.

BIG ONE—Emmet Stevenson, a member of the Marin Sheriff's Marine Patrol and a resident of Greenbrae, shows off the 5-foot-11, 100-pound white sturgeon he caught recently while trolling for bass with live bait off the Birdcage in San Pablo Bay. The monster fought for nearly 45 minutes before giving in.

Islander Holding Slight Lead In Transpacific Race

HONOLULU (AP)—Nearly half the 32-boat fleet was due across the Diamond Head finish line today in the 2,225-mile Los Angeles-to-Honolulu Transpacific yacht race.

Plotters at race headquarters figured that 14 of the sleek craft would make port, leaving nine stragglers out on the course. Robert Johnson's 72-foot ketch Ticonderoga was the first to finish, early yesterday.

Due in today were the two leading contenders for the handicap fleet trophy — the sloop, Islander, and the yawl, Tiare. They were only nine miles apart at yesterday's roll call with Earl Corkett's Islander holding its slight lead.

Ex-Drake Star To Play At Dartmouth

Roger Bovard, all-Marin Athletic League tackle who was graduated from Drake High School last month, has announced his candidacy for the Dartmouth College freshman football team this fall, according to the Dartmouth athletic office.

Bovard is 18 years old and was 29th in his class of 323 at Drake. He is 6 feet 1 inch and weighs 210 pounds.

4th Hub Softball Invitational Set For Aug. 15-25

Fourth annual San Anselmo Invitational Softball Tournament will open in the Hub City on Thursday, August 15, and conclude on Sunday, August 25, it was announced yesterday by San Anselmo Recreation Director Frank Quinn.

The tournament will once again pit six of the area's top softball teams against each other in a 15-game round-robin schedule, according to Quinn.

"With softball making a terrific comeback in Marin, this tourney has been a huge success the past few years," said the San Anselmo Recreation Director. "The tremendous interest among both players and spectators has been most gratifying."

Teams which have indicated interest in the tournament include Sohner Tree Service, Stan's Sport Shop, Country Club Bowl, Fairchild, and Santa Rosa Athletic Club.

Any teams interested should contact Quinn at the recreation office.

Chicken South Pacific For Summer Eve

Chicken 'n cranberry sauce are favorites and for a summer change try Chicken South Pacific. It consists of chicken breasts in a sweet-sour cranberry raisin sauce with rice, sliced green pepper and onion rings.

CHICKEN SOUTH PACIFIC

1 broiler chicken, cut in serving pieces
¼ cup cooking oil
1 pint cranberry juice cocktail
1 tblsp. cornstarch
1 tblsp. soy sauce
1 tblspn. vinegar
1 tblsp. sugar
¼ cup bleached almonds
¾ cup raisins
¾ cup quick cooking rice
¼ tsp. salt
1 green pepper, sliced in rounds
1 medium onion, sliced in rounds

Preheat fry pan containing cooking oil to 250°. Place chicken in pan, meat side down, raise temperature to 350°. Cook, uncovered, for 10 minutes, turning so chicken is golden brown on all sides. Pour oil into container for reuse. Add 1 cup of the cranberry juice which has been mixed with cornstarch, soy sauce, vinegar and sugar to chicken in fry pan. Cook, stirring, until mixture is slightly thickened; then turn heat down to 250°, cover, and simmer for 15 minutes. Add remaining cranberry juice, almonds, raisins, rice, salt, green pepper and onion to fry pan. Raise temperature to bring to a boil, then turn down to 250° and cook 10 more minutes with lid. Turn off heat and let chicken stand for 5 minutes before serving. Serves 4.

CHEESY CARROTS

1 lb. carrots, sliced
1 cup heavy cream

1 egg
¼ cup grated cheese
Salt to taste
1 thin slice onion
10 pecan halves

Cook carrots until tender. Combine cream, milk, egg, cheese, salt and onion in blender. Add carrots. Blend well. Pour into buttered casserole. Top with pecan halves. Bake in 350° F. oven for 45 minutes. Serves 6.

Here's another colorful way to cook chicken 'n cranberry sauce. Use fryer legs and thighs in making spice cranberry chicken.

SPICED CRANBERRY CHICKEN

6 fryer legs and thighs
½ cup flour
1 tsp. salt
⅛ teaspoon pepper
¼ inch salad oil in large fry pan
Cranberry spice sauce

In paper bag mix together flour, salt and pepper. Shake chicken pieces in seasoned flour mixture to coat. Brown chicken on all sides in hot oil. Cover tightly. Reduce heat and cook gently 20-30 minutes, turning occasionally, until tender. Drain on paper towels. Serve chicken topped with cranberry spice sauce.

CRANBERRY SPICE SAUCE

2 tblsp. brown sugar
1 tblsp. cornstarch
¾ cup cranberry juice cocktail
1 lb. can whole cranberry sauce
1 tsp. ground nutmeg
1 tsp. ground marjoram
1 tblsp. minced onion

Mix together brown sugar and cornstarch in saucepan. Slowly stir in cranberry juice cocktail until smooth. Add whole cranberry sauce, spices and minced onion. Cook over medium heat, stirring, until mixture comes to a boil. Spoon over top of fried chicken.

Cantaloupe Makes A Fresh Dessert

We use cantaloupe instead of the traditional peaches for this refreshing dessert.

Crabmeat Cakes with Tartar Sauce

Salad Bowl Bread Tray
Cantaloupe Melba Beverage

CANTALOUPE MELBA

1 package (10 ounces) frozen raspberries
1 cantaloupe
1 pint vanilla ice cream

Thaw raspberries; press through a fine-mesh strainer that seeds will not go through. In a small saucepan bring the strained raspberry syrup to a boil; simmer, stirring constantly, until just thickened—about 5 minutes; there should be about ⅔ cup. Chill. Cut cantaloupe in half crosswise and remove seeds; slice 2 rings from center of each cantaloupe half and remove rind. (Remaining cantaloupe will be nice pared, diced and used in a fruit cup.) Place a scoop of ice cream in the center of each ring; spoon over the raspberry sauce. Makes 4 servings.

WHILE THE steaks are cooking on the barbecue the tall coolers make the greatest hit with the guests. Here's a rosemary mint cooler that's different and combines well with a sandwich lunch too.

Here's Rosemary Mint Cooler To Accompany That Barbecue

The ultimate in summer hospitality is a tall, icy, colorful drink. This one has an exotic look and a wonderful refreshing taste; its basic ingredient is a light dinner wine, white or pink. Rosemary-mint cooler will have special appeal for those who like to serve something just a bit out of the ordinary.

To be known as the season's most gracious hostess, keep a jar of the herb syrup and a bottle of wine in the refrigerator. You can be ready with quick, easy beverages all through the summer.

ROSEMARY-MINT COOLER
(Serves 6 to 8)

3 sprigs fresh mint
1 sprig fresh rosemary (or other herb)
¼ teaspoon salt
1¼ cups sugar
2 cups water
1 (4/5-qt.) bottle chilled rose', sauterne or chablis
Chilled sparkling or quinine water (optional)
Tiny herb bouquets for garnish.

Rinse and shake excess water from herbs. Place in saucepan with salt, sugar and water. Bring to a boil, lower heat and simmer about 5 minutes. Remove from heat; cover and cool; strain. Fill tall glasses with crushed ice. Add about ¼ cup herb syrup to each glass and fill with wine; stir gently.

If desired, a little sparkling or quinine water may be added to each glass. Garnish each serving with an herb bouquet made by tieing together a sprig or two of mint and rosemary with a tiny baby rose, sprig of lavender or other flower.

WITH FRUIT

Firm Custard Pie Luscious Offering

To which culinary school do you belong?

Do you like your warm-weather custard pies — those luscious offerings topped with summer's fruit—on the soft and runny side? Or do you prefer them firm enough to slice clean so that individual servings stand up individually even when it's hot?

If you vote for the latter, this recipe is for you. Follow the recipe directions, and the chances are you won't be disappointed.

Serve this pie with any fruit you like — raspberries, strawberries, peaches, bananas, cherries. Or offer it with a blueberry glaze.

SUMMER CREAM PIE

¼ cup cornstarch
¼ teaspoon salt
⅔ cup sugar
2½ cups milk
3 egg yolks
2 tablespoons butter or margarine
1 teaspoon vanilla
Baked 9-inch pie shell
Fresh fruit
Heavy cream

In a heavy saucepan (1½ quarts is a good size) stir together thoroughly the cornstarch, salt and sugar. Gradually stir in milk, keeping smooth. Cook and stir constantly over moderate heat until mixture thickens and boils; boil 1 minute. Remove from heat. Beat egg yolks slightly; stir a little of the hot mixture into the yolks. Stir this mixture back gradually into the hot mixture. Return to heat; boil 1 minute more, stirring constantly. Remove from heat. Stir in butter and vanilla. Cool, stirring occasionally. Pour into baked pastry shell. Refrigerate until set —2 to 3 hours. Garnish with fresh fruit and whipped, sweetened, vanilla-flavored cream. Makes 8 servings.

MUSHROOM CHICKEN

½ pound ready-to-cook broiler-fryer, cut up
¼ cup flour
1 teaspoon salt
¼ teaspoon pepper
¼ teaspoon paprika
¼ cup butter or margarine
1 can (6 ounces) broiled whole mushrooms
Evaporated milk, undiluted
Medium sherry

Coat chicken with a mixture of the flour, salt, pepper and paprika. Brown well in butter in a large skillet; cover and cook until tender, turning as necessary—30 minutes or longer. Remove chicken and keep warm. Add liquid drained from mushrooms to skillet; stir over low heat to get up browned particles. Remove from heat. Add enough undiluted evaporated milk (½ to ⅔ cup) to make a thin sauce; strain, if you like, and return to clean skillet. Add mushrooms and sherry to taste; heat but do not boil or sauce will curdle. Replace chicken in skillet and serve. Makes 4 servings.

KNEE HIGH or over-the-knee stockings take the fashion footlights this fall as shown by these knee-highs created in a bubbly red mohair which fits under calf-high boots. Here the socks underscore a stoled suit of nubby tweed designed by Seymour Fox.

FALL FASHION FOOTAGE

Varied coverage for the sportive minded leg has been created by hosiery designer Bonnie Doon of New York. A cable-patterned bright yellow knee-sock, center has a turnover cuff horizontally ringed with two contrasting colors. A similar one at right in grey with red and blue stripes. Beneath the boot is an over-the-knee stocking of two toned grey with slimmed effect.

JUMPING FEET FIRST into fall fashion is easy this season with these patterned black and grey tights created by Balenciaga of Paris. Making a point of vivid leg coverage beneath this season's short skirts the tights can also double as chic under-pinnings to lounge-about tunics or long-pull sweaters. (UPI photos)

MARIN'S SOCIAL WHIRL

Coterie Club's Luncheon Attended By Many Members

By FLORENCE DONNELLY

The Coterie Club had a luncheon yesterday at Rickey's Rancho Rafael with Mrs. William D. (Ada) Fusselman as hostess. The club meets once a month and has a most unusual record. It was organized, as a discussion group on current events, in 1919. The unusual bit is that it has retained its original membership. Only one member has been taken by death during all the years. Present yesterday were, in addition to Mrs. Fusselman, Mesdames Harold Hansen, R. H. Worsley, A. A. Coddington, Fred Krelle, A. C. King and Sidney Higgins. Not present because they are vacationing were Mrs. Russell G. Smith and Mrs. Warren Landon.

Dr. and Mrs. Austin Lea of Kent Woodlands are vacationing in Hawaii. With them are their six children, Cinda, 16, the 13 year old twins, Austin and Preston, Lori, 11, Mitchell 8, and Lila, 7.

MR. AND MRS. WILLIAM O. WEISSICH of San Rafael and their children Billy, 12, and Lisa, 10, are traveling in Southern California after a week-long trip to the Northwest.

The family left July 6 by train for Seattle, where they were several days and then embarked for Victoria and Vancouver, B.C. On Thursday they boarded the Oriana in Vancouver and sailed to San Francisco, arriving in Marin Saturday — just long enough to pack their car and leave in the evening by automobile for San Diego.

They will see Marineland, Disneyland and the California missions and visit Mr. Weissich's aunt and uncle in Bakersfield before returning to their home in San Rafael.

MRS. PAUL BUCK, former Marinite, who now lives in Fort Lauderdale, Fla., is in Marin visiting long time friends. She is a past president of the Business and Professional Women's Club of Marin County, and yesterday with Mrs. John (Dorothy) Olson, Mrs. George (Ann) Shields and Mrs. Letha Jenkins, went to Guerneville to visit Mrs. James (Daisy) Grant, another past president of the club, who lives in Guerneville. Mrs. Grant and her husband were in business in San Anselmo for many years. Mrs. Grant is recuperating from a long illness.

The Past Presidents Association of the Marin BPWC had its luncheon Saturday at the Meadow Club. The group went first to the home of Mrs. Jenkins to see colored slides she had taken of club events over the years. Then she and the other past presidents went to the Meadow Club. Also in the group were Mesdames William (Ada) Fusselman, Buck, Olson, Ora Lee Schusster, Ethel Cobb-Souza, Mary Summers, Mary Ford, Edna Wessell, Dorothy Brown, Barbara Hansen, Hazel Field Pauline, Esther Rains, Ella Lossius, Eulalie Field, Helen Krause, Elsie Mazzini, Viola Gottschalk and Miss Frances Mason.

PATRICIA BAGSHAW, daughter of Mr. and Mrs. Samuel G. Bagshaw of Mill Valley, who will be married to Ronald Simmons of San Rafael, Aug. 4, was honored at a luncheon and shower given by Mrs. Richard Avilla of San Rafael. Her husband will be best man at the wedding. Assisting Mrs. Avilla was her sister-in-law, Miss Joanne Avilla. Orchids floated in the champagne punch served before the luncheon. Twenty-four guests were at the party.

Patricia was the honored guest last Friday evening at the party given at the home of Ron's aunt, Mrs. Ralph Doyel of Santa Rosa. Nineteen guests toasted the bride-elect as she sat before a gift-laden table above which a white silk parasol covered with pink roses was suspended.

Mrs. Alan Nyman (Nina Wachs) of Mill Valley, a classmate of Patty through elementary, high school and college, will entertain a number of their former classmates Saturday.

New Tiburon residents are Mr. and Mrs. George Simmons and their two children, Susan and Sammy. Mr. and Mrs. Simmons recently bought a new house overlooking Paradise Cay.

Mrs. Simmons is originally from Augusta, Ga., Mr. Simmons is a former San Franciscan.

Mr. Simmons owns the Universal Driving School of Marin and San Francisco, and is also president of the California Driving School Assn.

Mr. and Mrs. Arthur Dettner had as their guests last week at their Ross home, Shinsui Ito, internationally known Japanese painter, and his two sons.

MR. AND MRS. I. W. CARBINE, their son, Richard Carbine, and his wife of San Rafael recently returned from a vacation in the Lake Tahoe region. They headquartered at Carson City.

ON MEXICAN VACATION

Miss Merle Green of Kentfield, art teacher at the San Rafael Military Academy, is spending her vacation in the hill town of San Miguel de Allende, Guanajuato, Mexico. The town is a national monument and a leading art center. Miss Green is enrolled in the Institute Allende studying painting, sculpture, history and Spanish. She plans also to visit Guatemala to sketch the Mayan ruins and to visit Tical.

A DOUBLE FETE

Party And Buffet Dinner Given In Indian Valley

Two homes on Indian Valley Ranch were the scene of a double celebration Saturday in Novato.

A cocktail party was held at the home of the Charles P. Davies honoring Mr. and Mrs. Hubbard Cobb of New York. He is editor of The American Homes and a new magazine, California Homes, which will be distributed in California in place of The American Homes.

The guests were also celebrating the appointment of J. E. Countryman as president of the California Packing Corp. He is also a resident of Indian Valley.

Guests included Miss Julia Savarese, executive editor of California Homes, and Miss Cynthia Kellogg, decorating editor of Ladies Home Journal, both of New York; and Miss Yvonne Boggan of San Francisco. Also among the guests were the Countrymans and the E. F. Rosendahls, all of Indian Valley.

Every day exactly at lunchtime you'll see a weird little character named Owen Spann hanging around the Garden Court of the Palace. Or Enrico's. Or the Claremont Hotel. Fancy places like that. How does he get in? He has this act called Lunch with ~~Spam~~ Spann. He interviews celebrities (example: Dick Gregory, Louis Hayward, Tarzan the Ape Man). He makes witty comments. He wanders from table to table indulging in bright chit-chat with ladies. He begs for food. You can listen to Owney in person. Or listen to him over KGO Radio—which is almost as good, and a whole lot cheaper. Monday thru Saturday, 11:15 AM to 3 PM.

This is Owen Spann. He is very thin. He weighs just 128 lbs. Please send him cookies, in care of KGO Radio, 277 Golden Gate Ave., S. F.

Mrs. Lloyd Canham To Be Tamelpa Parlor President

MRS. LLOYD CANHAM

Mrs. Lloyd Canham of Mill Valley will be installed with her staff of officers on July 23 as the new president of Tamelpa Parlor, Native Daughters of the Golden West.

The 7:30 p.m. ceremony at the Outdoor Art Clubhouse in Mill Valley will be conducted by Mrs. Konrad Knudsen, deputy grand president from Seapoint Parlor 196 of Sausalito, assisted by her corps of officers.

Marie Canham, or Mae, as she is known to friends, is primarily interested in her home and family. In fact, she has become quite an authority on several subjects through sharing her husband's and son's hobbies. These include birds and butterflies. Love of the out-of-doors contributed to her keen interest in gardening and enthusiastic participation when her son, Richard, now 17, several years ago took up butterfly collecting.

HER TALENT FOR flower arranging led to her holding the decorations committee chairmanship for the parlor during the last four years.

At present she is learning the field of electronics because her husband and son are licensed amateur radio operators, each having his own station. And she is a member of the Marin Amateur Radio Club.

A member of Tamelpa Parlor for 12 years, the new president has previously been first, second and third vice president and served as chairman of public relations, decorations, hospitality and Americanism committees.

"OUR GROUP is pre-eminently a patriotic organization for the state of California," she said. "We mark historic spots, help preserve early-day relics and traditions and restore missions.

"Our main yearly events are a family picnic in September, a Christmas party and a spring fashion show benefit for the children's foundation. This foundation serves the medical and dental needs of the average-income families who find the needs of their children greater than their ability to finance them. Children from infancy through the 16th year are eligible when no other aid is available."

BORN IN TIBURON, Mae lived in Belvedere and was graduated from Tamalpais High School. She has lived in Mill Valley since 1937. Her husband is employed at Locke Brothers Garage in San Rafael.

Before her marriage she was employed for many years as a secretary with the General Electric Co. During the war she worked five years for an insurance company as a dictaphone operator.

Other Tamelpa officers who will be installed on July 23 are Mesdames James Stinchcomb Jr., first vice president; Fred Smith, second vice president; George Martesen, third vice president; Fred Brusati, recording secretary; T. R. McKeon, financial secretary; Malcolm Piper, treasurer; Eldora Clinton, marshal; Anthony Vargo, Beatrice Bersie and John Guth, trustees; Henry Alfonso, inside sentinel; Miss Paula Roemer, outside sentinel, and Miss Loretta Guth, organist.

Mrs. Mary Silva is past president and Mrs. Francis Doyle, junior past president.

Marin Delegates Chosen For Leadership Center

The recent annual dinner and final meeting for the year of the Marin County Council of high school Red Cross provided an opportunity for members to hear about this year's leadership development center and become acquainted with student delegates who will attend from Marin.

They are Joyce Asmussen, Marin Catholic; Phillip De Fremery, Redwood; Roger Duchein, San Rafael Military Academy; Carolyn Hughes, Drake; Karla Meredith, San Rafael; Donna Rousseau, Novato; Mary Stroube, Tamalpais; Marla Vigno, Novato; Tim Waldron, Tamalpais; and Kathlen Dufficy, Dominican.

To be held at Gualala (a campsite north of Healdsburg) from July 23 through 30, the leadership development center trains the student delegates to carry out their jobs as high school Red Cross leaders. It also helps them to learn the skills of leadership and fellowship, to recognize the responsibilities and privileges of leadership, to act with others in community service and to work with others toward achievement of friendship in the world community.

In addition they will learn to understand the activities offered to schools by high school Red Cross. Money from the service fund, obtained from student enrollment fees in high school Red Cross, provides the scholarships which make possible the sending of the delegates.

Newly elected officers of the council are Paula Houser, chairman; David Good, vice chairman; Peter Del Tredici, secretary; and Mike Boss, treasurer.

Honored guests at the dinner meeting included Mesdames A. C. Anderson, executive director of Marin Red Cross; Richard De Lew, high school chairman; Florence Holcombe, assistant director Golden Gate chapter; W. C. Detsch, director office of educational relations for Marin chapter; Messrs. and Mesdames Donald W. Chapman and Wally Craig. Chapman is chairman of Marin chapter.

Salin Printing, Advertising To Former Chamber Offices

The former chamber of commerce offices at Second and B streets, San Rafael, will become occupied again before the summer ends. It will become the new headquarters of **Salin Printing and Advertising.**

Lother Salin who has conducted his business at 713 Francisco Boulevard since 1949 has signed a long term lease on the downtown premises and expects to be in operation by Sept. 1. Floor space is almost double that of the present quarters, allowing a gradual expansion of facilities. Salin specializes on promotional printing and creative work, business forms and stationery.

MANAGER James Barnett of **Tamalpais Savings and Loan Assn.,** Corte Madera, reports that at the end of its first 18 months the firm's assets totaled $5,173,545. Savings now amounting to $4,102,695 represent a 50 per cent increase over Dec. 31, 1962 totals.

JACK McGREW of **J and R Sales,** San Rafael, announces that Hoover Vacuums has entered the industrial field and is now producing large wet-and-dry cleaning machines, rug shampooers and floor polishers for the first time. His firm is district agent for Marin County and a large territory which includes other North Bay counties. Stocks are being carried at J and R and it will be an authorized service agency. Many model sizes are available.

REAL ESTATE VETERAN John Woodson of San Rafael has been extended membership as senior residential appraiser in the Society of Real Estate Appraisers, an international organization. Woodson is a member of the Golden Gate chapter of the society and an associate member of the Marin County Real Estate Board. He gave up his brokerage practice last year to devote full time to appraisal work.

APPOINTMENT of **Robert M. Peterzon** of Sausalito as actuary of financial analysis for **Industrial Indemnity Co.** has been announced by K. K. Bechtel, chairman of the board. ELECTION of **William L. Moon** and **John E. Schreiner,** both of Marinwood, as directors of Trans-Sierra Investment Corp., a San Rafael company doing business as **First of California Mortgage Co.,** has been announced by **Robert N. Jackson,** president of the firm.

HANEY AND WHITT, San Rafael auto glass and upholstery firm, was the subject of a feature article in the June issue of Auto Trim News. The company was cited for its work on boat upholstery.

ROBERT H. LEWIS of San Rafael has been promoted from supervisor of **Westland Insurance Co.** to manager of the greater Marin area. Offices are maintained at 1001 D Street, San Rafael.

JAMES DOLLAR, formerly with Marinwood Hills Realty, is now associated with **James Gallagher Realty's** San Rafael office in the Albert Building.

Bike Licenses To Be Issued In Mill Valley

Bicycle licenses for 1963-64 will be issued at Old Mill School grounds by Mill Valley police from 9 a.m. to noon Saturday, Police Chief Dan Terzich said today.

Bike owners in Mill Valley are required to license their vehicles. Those persons living in the unincorporated area surrounding Mill Valley may get a license as a security factor but it is not required they do so to ride in Mill Valley.

Licenses, a different color this year, are 75 cents, an increase of 25 cents over last year. Licenses may also be obtained after Saturday at the police station in the city hall.

'Furlough Prisoners' Average $22.26 Daily

Average daily earnings of county "work furlough prisoners" during the past fiscal year were $22.26, which was the highest of any year the program has been in operation, according to a report to county Supervisors yesterday by Walter H. Busher, chief probation officer.

Busher said that, including this month, the collective earnings of work furlough prisoners will exceed a quarter of a million dollars.

During the fourth quarter of 1962-63 the total earnings exceeded totals for the previous three quarters with each prisoner earning an average $24.35 daily of which $5.75 was paid on average to Marin County while $12.77 went to support of dependents.

Busher summarized that:

"During the past five years the courts are assigning more men to the program, but for shorter periods of time; prisoners are earning less in total but more per day of work. A greater number of prisoners without dependents are now being served and as a result the percentage of total earnings paid to dependents for support is declining. On the other hand, the amount paid as fines has increased as the courts find it more appropriate to impose fines upon persons without responsibility for dependents."

Strep Infections Lead Disease List

Nine cases of streptococcic infections were reported in Marin County during the week which ended Friday, the county health department reported today. Four of the cases were in Novato.

Eight cases of mumps were reported, along with four cases of measles. Four cases of gonorrhea, including two in Mill Valley, and two cases of syphilis, both in Mill Valley, were listed, along with one case of infectious hepatitis.

Two Men Allowed To Plead Guilty To Contributing

Two San Francisco men, who had been charged with the rape of a 16-year-old girl near Stinson Beach early June 25, were allowed to plead guilty Monday to a misdmeanor charge of contributing to the delinquency of a minor.

Jose Edgardo Roa, 26, and Eddie Jose Nunez, 21, had been bound over to Marin Superior Court on the rape count, but prosecutors decided after testimony by the girl at the preliminary hearing July 8 that a conviction would be difficult.

Judge Joseph G. Wilson of Marin Municipal Court Monday fined each of the men $50, gave them suspended 30-day jail sentences and put them on on-year probation.

Band Concert Set At College

The College of Marin Community Band will play an "old fashioned summer concert" at 8:30 p.m. Saturday in Olney Hall on the Kentfield campus.

The program will consist of light classics, pops and marches, and trumpeter Don Milmore will be featured in "Nocturne," a modern composition by Maurice Whitney for solo trumpet and band.

The band will play Frank Erickson's "Deep River Suite" and Clare Grundman's "A Walking Tune." The concert will close with selections from "Oklahoma" score by Richard Rodgers.

Larger Trucks Due Highways

CHICAGO (AP) — Bigger pay loads per truck will move on highways in four states now that increased over-all truck lengths have been voted by lawmakers.

South Dakota, says Commerce Clearing House, led the parade with legislation permitting the operation of 65-foot truck-trailer combinations, an increase from 60-foot maximums.

Iowa upped its length-limit from 50 to 60 feet. Arkansas and Indiana lifted the length-limit from 50 to 55 feet.

American Assn. of State Highway officials recommends a maximum limit of 60 feet.

The upper limit of 65 feet is practiced in 10 states, 60 feet in 10 states, 55 feet in eight and 50 feet in the remaining 22 and the District of Columbia.

Sign Permit Denial Again Recommended

Marin County planning commissioners, confronted with a referral from the board of supervisors on a sign permit, saw no reason Monday to change their minds and recommended denial for the second time.

Contractors Roberts and Aguirre sought permission for two signs on Novato Boulevard advertising the Pleasant Valley subdivision. According to county ordinance, such off-site advertising is not allowed.

Here's Pickled Tongue-Twister

ST. LOUIS (AP) — When the National Pickle Packers Assn. picked Dill L. Pickle of Hollandale, Miss., as its "Man of the Year," the St. Louis Post Dispatch couldn't resist pointing out that Mr. Pickle was in a strong position to challenge the legendary Mr. Piper in the tongue-twisting department.

A whimsical article offered the following as a new tongue-twisting test:

"The National Pickle Packers picked a man of the year, a man of the year the National Pickle Packers picked. If the National Pickle Packers picked a man of the year, Dill L. Pickle is the man the pickle packers picked."

Unknown Animal Found In Texas

EAST LANSING, Mich. (AP) An unknown animal from the prehistoric past has been discovered in a Texas fossil bed by a Michigan State University expedition.

The expedition was sponsored by the MSU Museum and financed by a grant from the American Philosophical Society.

"The jaw and teeth of the unknown animal present convincing evidence that it is something different from any known prehistoric animal," says Dr. Richard J. Seltin, expedition leader.

He explains that it will be at least a year before the skull can be removed from the red shale in which it was discovered and the find be properly classified.

Eight Windows In Parked Cars Damaged

Eight windows in cars parked in Sweeney's British Auto Sales lot at 439 Francisco Boul Sales at 439 Francisco Boulevard were damaged by B-B shots Friday night, San Rafael police reported yesterday.

Jaap Suyderhoud, used car lot manager, estimated damage would amount to about $590.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Don't Be Greedy With Grand Slams When Playing Bridge

If you're not satisfied with being a human being, don't bother to become a pig.

It would play the dickens with your bridge game. I pass this advice on without charge to the few players who got to seven notrump with today's hand when it came along during Bridge Week in Los Angeles at the end of May.

Opening lead — ♣ 10

Normal expert bidding, as shown in the bidding diagram, should get you to seven diamonds.

RISKY

Even this is a slightly risky contract from North's point of view. South may have two little spades and two little clubs, with A-Q-J-x of hearts and K-Q-10-x-x of diamonds. If so, a spade trick will be lost.

Still, a normal red-blooded expert should get to seven diamonds. South has no problem in the play.

With 12 tricks in top cards he is home as soon as he ruffs one heart in dummy and draws trumps.

REAL PROBLEM

The real problem is how to play the hand if you are greedy enough to bid seven no trump.

This happened to five or six players in the Los Angeles tournament, but nobody brought home the grand slam in notrump. It was better to be a rabbit and stop at small slam or even game!

South can make seven notrump against a club or diamond opening lead. He simply runs all the diamonds and clubs, discarding one spade from dummy.

REDUCE

East must reduce to five cards so cannot keep two small cards with each of his queens. If East keeps only two spades, all of North's spades become good; and if East keeps only two hearts, all of South's hearts are set up.

The position is very unusual since East needs at least five hearts headed by Q-10-0 in addition to the queen of spades for the squeeze play to work. In practice, those who tried to make seven notrump cashed the top spades in the hope of dropping a doubleton queen.

As my broker sometimes puts it, sometimes the bulls win and sometimes the bears win; but the pigs never win.

ALMANAC

Today is Wednesday, July 17, the 198th of 1963 with 167 to follow.

The moon is approaching its new phase. The morning stars are Jupiter and Saturn. The evening star is Mars.

On this day in history:

In 1821, Spain ceded Florida to the United States.

In 1862, President Abraham Lincoln was empowered to conscript men into the armed forces for nine months' service in the Civil War.

In 1958, the Southern Democrats from 13 states met in Birmingham, Ala., and organized a states' rights party to oppose the Truman-Barkley ticket.

A thought for the day — Herbert Hoover said: "Older men declare war . . . but it is youth that must fight and die."

RENTERS

Why get "slugged" with taxes? Own your own condominium-apartment and take advantage of substantial tax savings denied renters.

Check off this list of advantages...

1. Very low cash investment (12% down).
2. No additional investment in such "extra" furnishings as drapes, carpeting, refrigerator.
3. No yard work . . . not even a pool to clean. It's all done for you at a monthly charge (including your utilities and insurance) of $29.71.
4. Tax advantages. Through condominium ownership you get substantial write-off for interest and taxes paid out. How much better than a pile of cancelled rent checks.
5. Through ownership, your monthly payments build up equity. At resale you stand an excellent chance for substantial capital gain.
6. Brand new; compact; convenient to transportation and shopping. The new EMPORIUM nearby.
7. Community living at its finest. Swimming pool, recreation room, congenial friends.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Food Allergies May Cause Rectal Itch, But Testing Difficult

VAN DELLEN

Food allergy is a common cause of rectal itching (pruritus ani). Milk and milk products such as cheese, creamed soups, and ice cream are frequent allergens. Citrus fruits, chocolate, and coffee are other offenders. Fish is suspected when itching is present only on Friday nights.

There is no way to test for the trouble-maker except through the process of elimination. Omit the above foods from the menus for a week or 10 days. If itching disappears, add one item at a time to the meals. In this way the culprit is found, should symptoms reappear.

BUT A THOROUGH examination is suggested before any plan of treatment is started. The anal opening is the area where the mucous membrane of the intestinal tract meets the skin. Itching may come from any one of various skin diseases such as eczema, dermatitis, or neurodermatitis. These disorders lead to itching any place on the body and are treated the same, regardless of location.

An internal examination also is desirable because any condition that produces moisture or a discharge leads to itching. Hemorrhoids, infection, abscess, and fistula are the most likely offenders. Irritation also follows diarrhea and the use of antibiotics. Nervousness is suspected when itching disappears on Sunday mornings and during vacations.

APPROXIMATELY 95 to 98 per cent of all victims can be cured when the cause is found and treated. Good anal hygiene is important. According to Dr. Durand Smith, Chicago proctologist, there are four things to avoid: Scratching, soap, washcloths, and toilet paper. Cleanse the region with cotton and warm water.

Petroleum jelly helps protect the membranes from soilage. Avoid "scratchers" in the diet—mechanical irritants such as nuts, seeds, and popcorn. "Burners" may be just as bad so don't use mustard, horseradish, peppers, or chili.

Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.

WHITE TO BLACK HAIR

Mrs. G. writes: My husband's hair has been white for years but it is turning black. Could the pills he is taking for nervousness be responsible for this change?

REPLY

Possibly, because the phenomenon has been reported following the use of certain drugs. But the results are so inconsistent or unsatisfactory, such medications cannot be recommended as hair color restorers.

HERNIA REPAIR

J. P. A. writes: Can an 18-year-old resume college football after an inguinal hernia operation?

REPLY

Yes, because at this age, the operation corrects a developmental defect that has existed since birth. The chance of complete recovery is good.

HALLUCINATIONS

J. P. writes: Can a person be helped if he has hallucinations such as constant inner voices and terrifying visions?

REPLY

Yes. Hallucinations are made to order for our psychiatrists.

PICKLE PICKUP

S. B. writes: I find pickles are good pickups. Am I lacking something?

REPLY

No, and your way is preferable to getting pickled on alcohol.

DON'T SPRAY

S. J. writes: How is hair spray allergy treated?

REPLY

No spray.

Safety Officers Keep Eyes On Launching

By LEON DANIEL

CAPE CANAVERAL (UPI) — For eight horrible seconds the sleek, white rocket—instead of arching harmlessly over the Atlantic—veered sharply over the heart of the cape and aimed death and destruction toward the mainland.

At the end of those eight seconds, which seemed much longer, a range safety officer triggered a pair of "destruct" switches which blew the Minuteman "instant ICBM" into hundreds of fiery fragments, including tons of volatile solid propellant, into a "safety area," keeping damage at a minimum.

There were no injuries in the spectacular accident here last October.

A year and a half earlier an Atlas missile knifed into the sky in the first effort to orbit an unmanned space capsule.

"She looks like a good one," an observer remarked. Others thought so too.

But an Air Force officer intently watching electronic indicators on an instrument panel knew better. The indicators told him the rocket was off course.

He let the missile rise for a few more seconds, then triggered the switches which sent an electric impulse to an explosive package inside the Atlas.

Instantly, the mighty missile erupted in a ball of fire 15,000 feet in the air. Chunks of flaming debris showered to the ground, some falling on the blockhouse which protected missilemen at the launch site.

The space capsule was blasted free by a rocket escape system and was dropped undamaged into the ocean by parachute. There were no injuries.

That these two unsuccessful launchings were not further marred by deaths or injuries can be attributed in large measure to what scientists here call the impact prediction system.

The complex system provides the range safety officer, the man who must trigger the "destruct" switches if necessary, with information on where the missile would impact if fuel were to be cut off during powered flight.

The system also enables recovery forces to be on the way to the scene even before the nose cone impacts.

As the nation's pioneer launching site, the spaceport here helps train safety officers from other bases and scores of missilemen from operational bases and military schools pass through here for observation and training.

Safety officers work closely with the launch agencies. The launchers indicate what they would like to attain and then it is determined whether it can be done safely.

Charts are drawn covering the entire course of a planned launch. The charts show such things as distances from populated areas, islands along the route and emergency procedure.

During the launch itself several officers besides the range safety officer man various instruments to observe plotted flight data.

Because of these safety measures the potentially dangerous missile program—which involves explosives, great pressures, high voltage and superinflammable fuels—has a safety record that outshines that of many other industries.

Marin Planners Hit Offshore Oil Probe

Marin County planning commissioners decided Monday that any search for oil off Point Reyes is an enterprise beyond their jurisdiction.

Commenting on a notice from the Army Corps of Engineers about intention of Shell Oil Co. to look for oil in deep water offshore, Planning Director B. D. Dobbs said:

"Thousands of dollars are being spent for development of a wilderness area in the Point Reyes National Seashore, and nothing could be further from a wilderness atmosphere than oil drilling. Exploration for oil could lead to the development of oil wells."

The commission, however, noted that the board of supervisors has seen fit to remain silent on proposed oil investigations and saw no reason to differ.

The board authorizes hiring James Torbert of San Rafael as assistant plant operator at $433 per month.

Colombian Girls Living In Marin

MUSIC — THE TRUE INTERNATIONAL LANGUAGE—Sisters Cristina (left) and Mercedes Castro, exchange students from Colombia, play Colombian phonograph records for Kelly Noah, 5-year-old daughter of their Marin "parents." (Independent-Journal photo)

By ALTON S. BOCK

Life in Marin is a happy and casual affair, two sisters from Bogota, Colombia, report after a week's observations.

Cristiana and Mercedes Banos are taking part in an Experiment in International Living with the Leo Noah family of Terra Linda. They flew from Bogota to San Francisco last week—their first trip away from home—and will attend classes at University of California in Berkeley, in September.

Cristiana, 19, wants to work in international diplomacy. Mercedes, 20, wants to be a psychologist.

They are already pretty adept in both departments.

"Americans are very kind," said Cristiana, "and everybody here seems to be on the same level, all have the same benefits. In Colombia, we have the difference between classes of society."

The sisters have seen little of the Bay Area yet, except for their auto trip from the San Francisco airport to the Noah Home at 774 Las Colindas Road. But they plan to spend every summer while in America seeing as much of the country as possible.

Marin's hills and trees—and frequent Spanish place names—are a reminder to the sisters of the country surrounding Bogota. "Much of the land is similar, but the mountains around Bogota are much higher, of course," said Cristiana.

Although they miss the long and leisurely noon hour custom of Colombia, the sisters find the way of life in California a much freer sort than in their own country.

"In the City of Bogota," said Cristiana, "everybody is watching how you dress and what you do. Here, nobody cares."

She serves as spokesman for Mercedes as a rule, for she knew more American students in Bogota. "But we both had to know some English to qualify for the Experiment in International Living program," Cristiana added.

Mercedes attended Pontificia Universidad Javeriana for two years, and Cristiana was just graduated from high school before the trip to California.

"We inquired about universities in the United States and were told we would qualify for the University of Wisconsin and the one at Berkeley. When we learned it was cold in Wisconsin, we chose Berkeley," said Cristiana.

Secondary education is not required in Colombia, and most schools beyond the elementary level are private. For those who continue their education, an intensive program in science, history, literature and language is mandatory.

"Besides English, I learned German," said Cristiana, "for there are many Germans in Colombia and we learn their language, too."

Even while enrolled at the university, the sisters will consider the Noah family their own. Noah, his wife, Carol, and their children, David, 7, and Kelly, 5, will be hosts to the sisters on weekends and during vacations.

"We have a rule," said Mrs. Noah, "that they speak no Spanish and we speak no English. I hope we'll all learn a new language that way, but I'm afraid the children will learn Spanish faster than my husband and I."

Noah, sales manager for Leon C. Felton, Volkswagen distributor in San Rafael, and his wife applied for students under the program last spring. Neither has travelled in South America, but they want to do so as they learn more from the Banos sisters.

Packaged foods and the high price of meat are two of the most surprising things about American life, according to the sisters. "We have all kinds of food, but they are not so completely processed," said Cristiana.

"We bought some rice but didn't know how to cook it because it was different from what we are used to."

Their father, who is an exporter of spices, and their three sisters and two brothers all live in Bogota. Except for summer excursions to the seashore, Mercedes and Cristiana have not been away from the family home.

"Next year, our parents and younger sisters plan to come to stay with us for a while," said Cristiana. "We are looking forward, but our 'family' here is very good to us."

Buddhist Demonstrate At Viet Envoy's Home

SAIGON, Viet Nam (AP) — More than 200 Buddhist monks and nuns outwitted Saigon police today and staged a two-hour street demonstration in front of the home of U.S. Ambassador Frederick E. Nolting Jr.

The monks carried huge banners in English and Vietnamese reading: "The free world and the U.S.A. are expected to do anything possible for the Buddhist problem."

Gravity Car Restoration To Be Completed

Commissioner Jerome C. Hauke told the Mill Valley Parks and Recreation Commission Monday night that the junior chamber of commerce has agreed to complete restoration work on a gravity car to be placed on display at the Fall Arts Festival Oct. 12-13.

Douglas Sarlin of Strawberry, now en route to live in Israel for two years, has worked about five years putting the car together. It once rolled on the Mill Valley-Mount Tamalpais Scenic Mountain Railway more than 30 years ago.

The commission announced it will not recommend a site for the proposed public library until the library board suggests a definite park location.

Windshield Broken On Pickup Truck

A flying missile broke the windshield of a pickup truck owned by the Sausalito School District Monday at the Marin City underpass.

Merl L. Willmschen of 419 Locust Street, Sausalito, a maintenance man for the school district, told sheriff's deputies something hit the windshield about 10:30 a.m. as he drove through the underpass.

Boat Trailer Stolen

Mrs. Neill McCloy of 180 Beach Road, Belvedere, reported to police Monday that her yellow boat trailer with chrome fenders was taken from the San Francisco Yacht Club sometime between Friday night and yesterday.

Typewriter Stolen

Theft of a portable typewriter, a camera and costume jewelry from her home at 637 Sausalito Boulevard, Sausalito, was reported to police Monday by Kathleen Kalbfleisch. She said the items were stolen from a hall bedroom sometime between July 1 and 13. Police said there was no sign of forced entry.
